## ABOUT THE INSTITUTION

E G S Pillay Engineering College is one of the pioneering non - grant engineering Colleges in the State. It was established by the E G S Pillay & Sons Educational & Charitable Trust, Nagapattinam in the year 1995 with the sanction of the Government of Tamilnadu, approval of the All India Council for Technical Education, New Delhi and affiliation to Bharathidasan University, Tiruchirappalli. Its courses are affiliated to Anna University, Chennai from 2002 and the degrees are awarded by Anna University, as per the Government Orders. The College has earned the reputation of being one of the most preferred colleges by the students and parents all these years. Known for its excellent infrastructure and facilities for learning, the outstanding non - grant engineering college has registered impressive performance consistently. A gateway to success, the college has now set on long-range planning to enlarge and enrich its programs and activities to empower the youth who aspire to become successful Engineers, Scientists and Managers. The College has earned the reputation of being one of the most preferred colleges by the students and parents all these years. Known for its excellent infrastructure and facilities for learning, the outstanding non-grant engineering college has registered impressive performance consistently. A gateway to success, the college has now set on long-range planning to enlarge and enrich its programs and activities to empower the youth who aspire to become successful Engineers, Scientists and Managers. The college approved by AICTE-New Delhi, affiliated to Anna University-Chennai, recognized by UGC Act 2(f) 2017(B) and accredited by NAAC with 'A' Grade

## DEPARTMENT PROFILE

The department of computer applications focuses on making industry ready IT professionals by imparting quality computer education along with excellent interpersonal skills. It offers 3 years Full time MCA course to the students. Started in the year of 2001, the course was approved by Bharathidasan University, Trichirappalli. In 2003, Anna University, Chennai recognized and approved the course. The current intake of students is 60 per academic year.

### ASP.NET and Workshop Overview:

This course is a starting point for our comprehensive C#, XML, .NET and Web Services curriculum. It provides an overview of Microsoft's .NET technology. The course discusses the fundamental issues in developing applications in the Web environment, leading to the concept of applications as a service.

The .NET Framework is outlined, including the class library and runtime. The major .NET languages are introduced. ASP.NET is described, including the use of Web Forms and Web Controls to simplify developing and deploying Web applications. The central role of XML and SOAP is described, including a discussion of the creation and use of Web services. The course surveys additional .NET services, Windows Forms, ADO.NET, interoperability with COM and the Win32 API, and .NET Security.

The course includes demonstrations of the development of Web services and programming in C# and VB.NET using Visual Studio .NET. Course attendees will be provided with comprehensive notes and programming examples.

### NO REGISTRATION FEES

Registration kit, Certificate and lunch will be provided to all the Participants.

**FACULTY TRAINING PROGRAMME ON SPSS  
REPORT**

Department of Computer Applications organized a faculty training program on SPSS for Faculty members from 15.09.2020 Timing 9.00Am to 5.00Am in MCA (seminar Hall ) Staff are attended the course. The topics were delivered and demonstrated by course instructors Dr. B Asha Daisy Ap/MCA.E.G.S. PILLAY ENGINEERING COLLEGE (AUTONOMOUS)

The use of statistical and econometric tools and techniques for research in economics, commerce and management is found to be enormous in recent times. A clear understanding of the theoretical issues and the skill of operating the software are two significant requirements for proper use of such tools and techniques. With this backdrop, the aim of the workshop is to provide a proper understanding of some of the important statistical and econometric tools and techniques and for enhancing the skill in handling of software.

Themes and Sub-themes: Numerical descriptions by MS-Excel and SPSS, Basic probability distributions, Comparison of distributions, Correlation, Regression analysis Simple linear, Logit, Probit and Tobit, Time series analysis.

#### OBJECTIVES

- Overview of MySQL and PHPMyAdmin
- Understand basic concepts of how a database stores information via tables
- Understanding of SQL syntax used with MySQL
- Learn how to retrieve and manipulate data from one or more tables
- Know how to filter data based upon multiple conditions
- Updating and inserting data into existing tables
- Learning how the relationships between tables will affect the SQL.
- The advantages of store procedures with storing data using variables and functions.

**Session Details** **(15.11.2019)**

MySQL Dev & Admin Training Syllabus

Theory, Terminology and Concepts

- Client/Server Concepts
- Database and Database Objects

Data Definition using SQL

- Databases
- Data Types
- Tables
- Constraints and Indexes
- Views

Basic Data Manipulation using SQL

- Recurring SQL Constructs
- Adding data
- Modifying data
- Removing data
- Searching data

Advanced Data Manipulation using SQL

- Expressions
- Grouping and Aggregate Functions
- Joining Tables

Transactions

- Transaction Concepts
- SQL for working with Transaction

Import/Export

- Tools for Import/Export

- SQL for Import/Export

#### MySQL Admin

- Install and configure MySQL Server and client programs.
- Recognize the key components of the MySQL architecture.
- Secure your server.
- Troubleshoot server slowdowns and other issues.
- Improve query performance.
- Configure and administer a variety of replication topologies.
- Understand the benefits of MySQL Cloud.
