Event Report

Evening Training 19th July – 28th July 2017

Introduction

Global tech jobs have grown exponentially over the past decade. As the world adapts to being digital-first, there is a constant need for developers and the demand for Programming skill is still increasing. Technical Training was organized for the students of various streams B.E CSE, ECE, B.TECH IT & MBA by the Training & Placement Department. The training has been conducted from 19.07.2017 to 28.07.2017. Around 40 students were benefited from this training.

Objective

The objective of this programme is to provide opportunity for students to enrich their knowledge in the area of C Programming. It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

Technologies & Tools

C is a powerful general-purpose programming language. It can be used to develop software like operating systems, databases and compilers. This course is based on hands-on exercises and is focused on developing Programming and Logical skills. Evening Special training has covered the following topics to the students

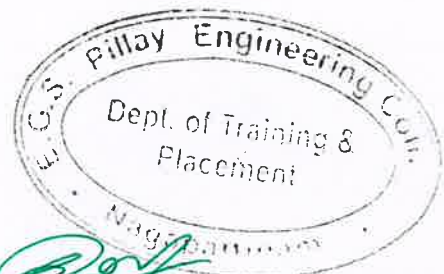

- Introduction to C
- Features of C
- C Data Types
- C Variables
- C Consonants

The tools that were used to develop C codings are

1. Integrated Development Environment IDE's - Blocks, Eclipse, and Visual Studio
2. Text editor- Notepad
3. Compiler - GCC

Conclusion

Students got an idea how to write and run C Programming. All the students really appreciated the contents that were discussed, and they understood the basics of C programming in detail. Students showed keen interest in attending more training program like this in future.

Event Report Two Days Java Training Program

Introduction

This was organised to provide a vibrant opportunity for students in the recruitment phase and to enhance their programming skills. Training & Placement Department jointly with Silicon Valley conducted a training program for a total of 41 students from IT, CSE, ECE & MBA from 28.07.2017- 29.07.2017

Objectives

The objective of this training is to provide opportunity for students to enrich their knowledge in the area of Object Oriented Programming using JAVA Language. This workshop will provide a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

Technologies & Tools

Java is a general-purpose computer programming language that is concurrent, class-based, object-oriented, and specifically designed to have as few implementation dependencies as possible. This course is based on hands-on exercises and is focused on developing Programming and Logical skills. Technologies and Tools used during this training were JAVA Development Kit (JRE & JVM), Notepad++ (Editor) and Command Prompt (Compilation and Output)

The topics covered in the two days session are

Day 1

Introduction to JAVA
Features of JAVA
OOPs Concept
JDK, JRE, JVM

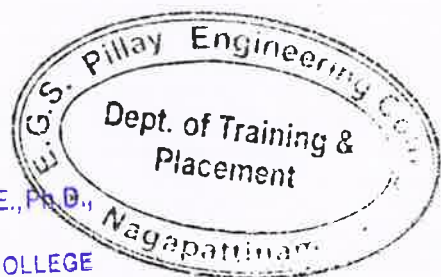

Day 2

Classes and Object
Command Line Arguments
Instances (Variables and Methods)
Constructor

Conclusion

In this training, the students were introduced to topics in JAVA Programming. Students got an idea how to write and run JAVA Programming. Students learnt to write, compile and execute Java programs using Java's object-oriented features.

TECHNICAL SKILLS:

- Languages : C,C++,Java, c#
- Packages : Basics in Vb.Net ,Visual Basic 6.0
- Operating System : Windows 2000/Xp/7/ubuntu
- Database : Ms-Access
- Web Tools : Asp.Net,Html
- Multimedia Tools : Basics in Adobe Photoshop

AREA OF INTEREST:

- Computer Network

Workshop Attended

- Fortification of communicative proficiency from 12th to 14th may 2014 in E.G.S pillay engineering college
- National workshop on LATEX held on oct 26th oct 2013 in annamalai university
- National Workshop on Effective Research in Computer Technology held on 16th Feb 2013 in Bharathiyar college of Engineering and Technology
- Two Days Workshop on Advanced .Net Technologies held on 16th and 17th march 2012 in Bharathiyar College of Engineering and Technology
- One day workshop on BIG DATA held on 24th march 2015 in Bharathiyar college of engineering college and technology

Training Programs Attended

- Faculty Development Program on CS 2406 OPEN SOURCE LAB(FOSS) held on 13th and 14th Dec 2014 in E.G.S pillay Engineering college
- Training in IBM SEED Program held on 15th may 2013 to 18th may 2013 in E.G.S pillay Engineering College
- Faculty training program on cloud infrastructure and services from nov 17th to 21st in KGISL college of engineering and technology

PROJECT

NAME : Database Security Based on Mixed cryptography

GOAL:

The goal of my project is to outline a cryptographic framework that supports the design of semi-trusted databases and provides protection for sensitive data even if the database server is attacked at multiple points by an inside or outside attacker.

FRONT END: Java 1.6

BACKEND : Ms Sql 2000

PROJECT

NAME : A Chaos Based Cryptosystem for Secure Transmitted Images

GOAL:

To encrypt the image by using proposed techniques called Perturbed PWLCM which is the random statistical properties are used for both confusion and diffusion.

FRONT END: Visual Studio 2010(C#.Net)

BACKEND : Ms Sql 2008 R2

POSITIVE TRAITS:

- Adaptive
- Friendly and Co-operative

HOBBIES:

- Listening to music
- Cricket
- Badminton

Technical Training

Dr. S. RAMABALAN, M.E., Ph.D.,
PRINCIPAL
E.G.S. PILLAY ENGINEERING COLLEGE
NAGAPATTINAM - 611 002.

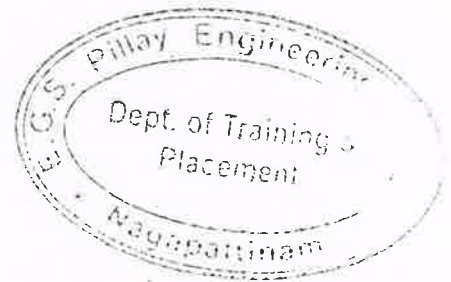

Summary on Technical Training 19th July - 5th August 2017

Technical Training was organized by the Training & Placement Department to give a knowledge on importance of programming language to the students. The training was started with welcome address by HOD of Training & Placement Department followed by the Resource Person Mr. Aravindan Asst prof, CSE,EGSPEC & Mr.Sukumar HOD IT, EGSPASC. The two weeks training has been conducted from 19.07.2017 to 05.08.2017 for 31 students .

The main objective of this training is to give a deep understanding of C Programming language and to help the students to crack technical rounds in the interview process. C is a powerful general-purpose programming language. It can be used to develop software like operating systems, databases and compilers.It is focused on developing Programming and Logical skills. The training has covered the following topics with hands on experiences to the students.

- Basics of C Programming Language
- Conditional statements
- For Loop
- While & do..while loop
- Arrays & Pointers
- Strings
- Functions

Students got an idea how to write and run C Programming. Students got an opportunity to do coding on different topics to add a given two numbers, Palindrome, Fibonacci series, factorial and they also understood the basics of C programming in detail. All the students really appreciated the contents that were discussed and they showed keen interest in attending more training program like this in future.

Two Days Technical Session for Pre Final Year Students

Dr. S. RAMABALAN, M.E., Ph.D.,
PRINCIPAL
E.G.S. PILLAY ENGINEERING COLLEGE
NAGAPATTINAM - 611 002.

Summary on Two Days Technical Session for Pre Final Year Students

The Training & Placement department has organized technical session for Pre Final year students on 5th & 6th January 2018. Total 54 students has participated in this training. The objective of this programme is to provide opportunity for students to enrich their knowledge in the area of C Programming .It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

C is a powerful general-purpose programming language. It can be used to develop software like operating systems, databases and compilers. This course is based on hands-on exercises and is focused on developing Programming and Logical skills. The trainers has covered all the basic concepts of Programming language in Phase-I and the students were asked to develop the coding on the covered topics.

Students got an idea how to write and run C Programming. All the students really appreciated the contents that were discussed, and they understood the basics of C programming in detail. Students showed keen interest in attending more workshops like this in future.

Event Report
Special training for Pre Final Year Students - Part I
08th February - 09th February 2018

Introduction

The Training & Placement department has organized technical session for Pre Final year students for two days. Total 54 students has participated in this training. This training has conducted in three phases by Mr. Vetriselvan, Technical trainer (freelancer), Trichy to benefit all the pre final year students.

Course Objective

The objective of this programme is to provide opportunity for students to enrich their knowledge in the area of C Programming .It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

Technologies & Tools

C is a powerful general-purpose programming language. It can be used to develop software like operating systems, databases and compilers.This course is based on hands-on exercises and is focused on developing Programming and Logical skills. Evening Special training has covered the following topics to the students

- Introduction to C
- Features of C
- C Data Types
- C Variables
- C Consonants

The tools that were used to develop C codings are
Integrated Development Environment IDE's - Blocks, Eclipse, and Visual Studio
Text editor- Notepad
Compiler - GCC

Conclusion

Students got an idea how to write and run C Programming. All the students really appreciated the contents that were discussed, and they understood the basics of C programming in detail. Students showed keen interest in attending more workshops like this in future.

Event Report
Special training for Pre Final Year Students - Part III
22nd February - 23rd February 2018

Introduction

Technical Training was organized for the students of various streams B.E CSE, ECE, B.TECH IT & MBA by the Training & Placement Department. The training has been conducted on the C++ Programming language on 22.02.2018 & 23.02.2018. Around 50 students were benefited from this training.

Objective

The objective of this programme is to provide opportunity for students to enrich their knowledge in the area of C++ Programming. It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

Technologies & Tools

C++ is a cross-platform language that can be used to create high-performance applications..C++ can be found in today's operating systems, Graphical User Interfaces, and embedded systems. This course is based on hands-on exercises and is focused on developing Programming and Logical skills. This training has covered the following topics to the students

- Introduction to C++
- Difference between C & C++
- OOPS
- C++ Classes & Objects
- Class methods

Conclusion

Students got an idea to code and run C++ Programming. All the students really appreciated the contents that were discussed, and they understood the basics of C++ programming in detail. Students understood that C++ is portable and can be used to develop applications that can be adapted to multiple platforms.
