Event Report for Technical Interaction Session

Introduction

Technical Interaction Session on "Android Development", was organized for all final year students by the Training & Placement Department jointly with Faculty Coordinators of QUALCOMM and IBM. The webinar was based on Android development and it was held on 10th June 2017.

Objective

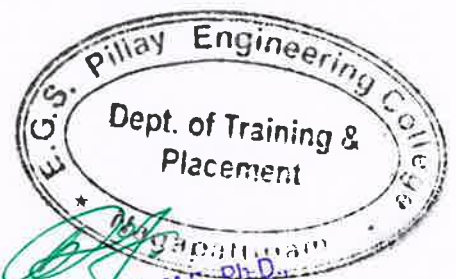

The event began with a welcome by **Mr. Mohan kumar**, Placement Director, followed by the introduction to the resource persons, **Mr. Karunakaran QUALCOMM, Bangalore, Mr. Saravanan IBM Chennai**. For this Webinar, Go To Meeting ID and password was shared with the eligible students. The main objective of this workshop is to give a detailed knowledge about Android Development, JAVA Programming and building Android apps to the students.

Outcome

The event ended with a feedback session and the students showed interest in developing the Android apps. The speaker also made the students aware of android development through hands on training to prepare fresh graduates to seize career opportunities.

Conclusion

The session commenced with a brief introduction to Android Development and discussed the question "What is android" to assess the knowledge of the students and to break the ice. The speaker spoke about how building apps for mobile devices. It also covered JAVA the programming language that underpins all android development, mastering the basics of XML, android SDK, Android studio etc. He also shared his screen to show LIVE how an application is developed on an android. This provided students an opportunity to provide input to and exchange ideas and give individual feedback on issues of importance to this topic.

Objective of Science and Technology Capacity building for industrial needs:

The programme will enable the student community to acquire skill sets relevant to industries and motivate them to opt for self employment.

The general requirements of the industries include hands on skill. By acquiring these skills final year engineering and polytechnic students become more employable, particularly rural students.

Every year this programme being organised in ten districts.

About The Tamil Nadu State Council for Science and Technology :

To maintain liaison between Government of India and the State Government and to initiate, direct and co-ordinate research activities of Government Departments, Universities and other professional Bodies with a view to aid development of Scientific Research in the State.

To identify areas for the applications of Science and Technology to the development needs, objectives and goals of Tamil Nadu, and in particular, to the prevailing conditions of backwardness, rural, unemployment and poverty.

To promote effective co-ordination and to develop and foster communication and other links between centres of scientific and technological research, Government agencies, farms and industries so that promising Research and Development work is initiated, promoted and effectively deployed in agricultural industry, in Government and elsewhere

Terms and Conditions

- redBus* is an online ticketing platform. It does not operate bus services of its own. In order to provide a comprehensive choice of bus operators, departure times and prices to customers, it has tied up with many bus operators. redBus's advice to customers is to choose bus operators they are aware of and whose service they are comfortable with.
- redBus responsibilities include:**
 - (1) Issuing a valid ticket (a ticket that will be accepted by the bus operator) for its network of bus operators
 - (2) Providing refund and support in the event of cancellation
 - (3) Providing customer support and information in case of any delays / inconvenience
- redBus responsibilities do not include:**
 - (1) The bus operator's bus not departing / reaching on time.
 - (2) The bus operator's employees being rude.
 - (3) The bus operator's bus seats etc not being up to the customer's expectation.
 - (4) The bus operator canceling the trip due to unavoidable reasons.
 - (5) The baggage of the customer getting lost / stolen / damaged.
 - (6) The bus operator changing a customer's seat at the last minute to accommodate a lady / child.
 - (7) The customer waiting at the wrong boarding point (please call the bus operator to find out the exact boarding point if you are not a regular traveler on that particular bus).
- Passengers are required to furnish the following at the time of boarding the bus:
 - (1) A copy of the ticket (A print out of the ticket or the print out of the ticket e-mail).
 - (2) A valid identity proof
 Failing to do so, they may not be allowed to board the bus.
- Change of bus: In case the bus operator changes the type of bus due to some reason, redBus will refund the differential amount to the customer upon being intimated by the customer in 24 hours of the journey.
- Amenities for this bus as shown on redBus have been configured and provided by the bus provider (bus operator). These amenities will be provided unless there are some exceptions on certain days. Please note that redBus provides this information in good faith to help passengers to make an informed decision. The liability of the amenity not being made available lies with the operator and not with redBus.
- In case a booking confirmation e-mail any one gets delayed or fails because of technical reasons or as a result of incorrect e-mail ID / phone number provided by the user etc, a ticket will be considered 'booked' as long as the ticket shows up on the confirmation page of www.redbus.in
- Grievances and claims related to the bus journey should be reported to redBus support team within 10 days of your travel date.
- Please note the following regarding the luggage policy for your journey:
 - (1) Each passenger is allowed to carry one bag of upto 10 kgs and one

Summary of the Event - Students Club – One day Industrial Visit at GAIL India, Karaikal

One day Industrial Visit at GAIL India, Karaikal was organized for students club selected students by the Training & Placement Department jointly with **GAIL India, Karaikal**. The Industrial visit was one of the important activity of the students club and it was held on 21st Feb 2018.

One day Industrial visit at GAIL India, Karaikal. It was very useful and helpful to the students to know about the public sector and its work. All the engineering students should know about the work process of these companies and projects. It will help them to improve their public sector's knowledge.

The Visit commenced with a brief introduction about the Public sector and its works to the students. The experts explained about their works and projects details to the students. The students visited all the working areas of the company and the employees explained all the information about their works to the students.

The students should gain their General knowledge about public sectors and also main outcome of this contest is to know about the projects and various sectors of the company.
