Technical Session-ABC

Dr. S. RAMABALAN, M.E., Ph.D.,
PRINCIPAL
E.G.S. PILLAY ENGINEERING COLLEGE
NAGAPATTINAM - 611 002.

Summary on Technical Session-ABC on 6th August 2019

The Training & Placement department has organised the technical session for the pre final year students. The event began with a welcome by Mr.R.Mohan Kumar Director of T&P, EGSPEC followed by the introduction to the resource person Mr.Rohit Reddy & Mr.Chandrasekar Technical Lead, ABC for Technology Training. The training was held on 06.09.2019 with 143 participants.

The objectives of this training were to expose the participants to the recent technologies, to introduce the software tools used and the application of these technologies and to help students to take up projects in these domains. The seminar was attended by students from second year and third year.

Global tech jobs have grown exponentially over the past decade. As the world adapts to being digital-first, there is a constant need for developers and the demand for Programming skill is still increasing. The session commenced with a brief introduction to the current technologies, Programming languages and website applications. The speakers stressed on the importance of technologies and how our life spins around it.

This training program has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills. The training concluded with a vote of thanks delivered by Placement Officer. Students showed keen interest in attending more workshops like this in future.

Report on Pre final Year Phase – I (Evening Class – Technical) 20th January 2020

Introduction

The Training & Placement department has organized technical session for Pre Final year students on 20/01/2020. Total 70 students were participated in this training. This training has conducted in three phases to benefit all the pre final year students.

Objective

The objective of this programme is to provide opportunity for students to enrich their knowledge in the area of JAVA Programming .It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

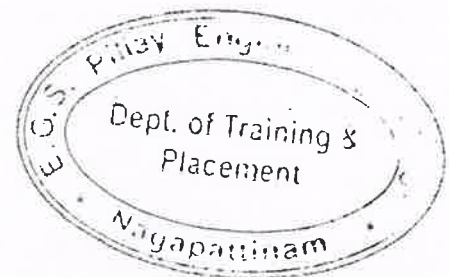

Technologies & Tools

Java is a general-purpose computer programming language that is concurrent, class-based, object-oriented.This course is based on hands-on exercises and is focused on developing Programming and Logical skills. Technologies and Tools used during this training were JAVA Development Kit(JRE & JVM) , Notepad++ (Editor) and Command Prompt (Compilation and Output).The topics covered in this session are

Introduction to JAVA
Features of JAVA
OOPs Concept
JDK, JRE, JVM

Conclusion

Students got an idea how to write and run C Programming. All the students really appreciated the contents that were discussed, and they understood the basics of C programming in detail. Students showed keen interest in attending more workshops like this in future.

Summary on Pre final Year Phase – II (Evening Class – Technical) on 10th March 2020

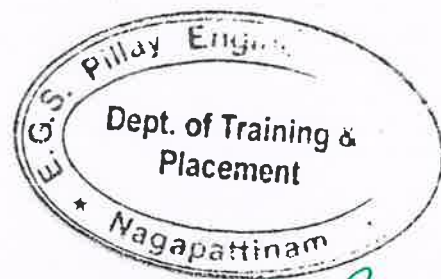

The Training & Placement department has organized technical session for Pre Final year students on 10.03.2020. Total 70 students has participated in this training. This training has conducted in three phases to benefit all the pre final year students.

The objective of this programme is to provide opportunity for students to enrich their knowledge in the area of Programming .It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

JAVA is a general-purpose computer programming language that is concurrent, class-based, object-oriented.This course is based on hands-on exercises and is focused on developing Programming and Logical skills. The trainers has covered the basics of

- JAVA concepts
- Classes and Object
- JAVA Methods
- JAVA Method Overloading
- Command Line Arguments
- Instances (Variables and Methods)
- Constructor & Destructor.

Students got a deep understanding of JAVA Programming. All the students really appreciated the contents that were discussed. Students showed keen interest in attending more workshops like this in future.

C Programming – I

Dr. S. RAMABALAN, M.E., Ph.D.,
PRINCIPAL
E.G.S. PILLAY ENGINEERING COLLEGE
NAGAPATTINAM - 611 002.

Event Report C Programming -1 on 19th May 2020

Introduction

Global tech jobs have grown exponentially over the past decade. As the world adapts to being digital-first, there is a constant need for developers and the demand for Programming skill is still increasing. Technical Training was organized for the students of various streams B.E CSE, ECE, B.TECH IT & MBA by the Training & Placement Department. The training has been conducted on 19.05. 2020 and around 40 students were benefited from this training.

Course Objective

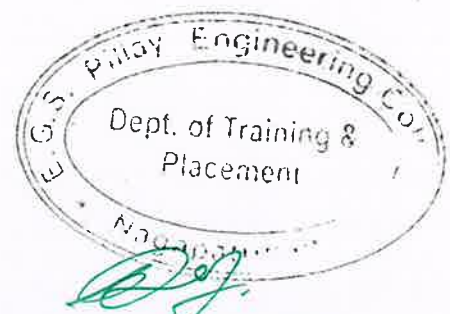

The objective of this programme is to provide opportunity for students to enrich their knowledge in the area of C Programming .It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

Technologies & Tools

The tools that were required to given hands on practices are Integrated Development Environment IDE's - Blocks, Eclipse, and Visual Studio, Text editor- Notepad and Compiler - GCC. C is a powerful general purpose programming language. It can be used to develop software like operating systems, databases and compilers. This course is based on hands-on exercises and is focused on developing Programming and Logical skills. The training has started with Introduction to C and also explained Features of C, Data Types, Variables and Consonants

Conclusion

Students got an idea how to write and run C Programming. All the students really appreciated the contents that were discussed, and they understood the basics of C programming in detail. Students showed keen interest in attending more workshops like this in future.
