Event Report for HR Industry Interaction-IVTL

Introduction

HR Industry Interaction-IVTL was a one-day event organized by the Human Resource Department of IVTL, a leading IT company, on 13.07.2019. The event aimed to provide a platform for HR professionals to interact with industry experts, share their knowledge, and learn about the latest trends and practices in the HR industry.

Objective

The objective of the event was to bring together HR professionals from different industries and facilitate a knowledge-sharing session. The event focused on discussing the challenges faced by HR professionals in today's dynamic business environment and finding innovative solutions to address them.

Outcome

The event began with a welcome address by the HR Head of IVTL, highlighting the importance of such interactions in promoting professional development. The keynote address was delivered by a renowned HR expert who shared his insights on the role of HR in fostering innovation and growth in organizations.

The event featured panel discussions, breakout sessions, and networking opportunities for the attendees. The panel discussions focused on topics such as talent management, employee engagement, and diversity and inclusion. The breakout sessions provided an opportunity for the attendees to deep-dive into specific topics of their interest and learn from industry experts.

Conclusion

The event was a great success, with over 200 students from different departments attending the event. The attendees had the opportunity to network with their peers and learn about the latest trends and best practices in the HR industry. The event provided valuable insights and actionable strategies to tackle the challenges faced by HR professionals in today's business environment.

Dear Mr Bharathithasan,

I humbly express my gratitude towards you for your invaluable presence at the corporate connect 2019. Your presence and the way you supported us is really awesome.

Your interaction is highly appreciated by our students and our students are well motivated, focused and they now come to know what industries is expecting from them.

On behalf of our Management, CEO, Principal, Staff members and students, I thank you for your visit to our college and honor us.

Look forward to have a long term association with you and your esteemed organization.

Thanks and Regards,

Dear **Mr. Ponnuswamy Perumal. V P**Greetings from **EGS Pillay Engineering College, Nagapattinam !!**.We deeply value and cherish our relationship with **Renault Nissan Automotive India Pvt Ltd., !!**.

About Corporate Connect

The demand for fresh manpower for the companies is growing year by year based on the business growth. Various studies conducted by NASSCOM reveals that the universities and colleges are not able to fulfill the need for skilled manpower. Even though their requirement is huge, they don't hire all the aspirants as they analyze the prospective candidates for certain skills and abilities. This raises the following questions:

- Ø Why all the aspirants are not able to get the offers even though they come under the same educational system?
- Ø What are the different types of skills expected by the companies from the prospective employers?

To address these above issues, a one day summit focusing on "**Industry 4.0 -Enhancing Employability Skills**" is organized on **12th October, 2019 (Saturday)** at **EGS Pillay Engineering College, Nagapattinam** in association with **Ooruni**. The summit will have three power packed sessions.

Being an accomplished HR Professional with rich experience and wide knowledge, we would be privileged to have you as a dignitary in this event and sharing perspectives with the student community. We are writing to cordially invite you, on behalf of **EGS Pillay Engineering College, Nagapattinam**, to be a **guest speaker in the inaugural function** and share your thoughts and ideas on the topic. We are pleased to take care of your travel ticket, accommodation and local hospitality at Nagapattinam.

We are sure that your speech in the inauguration would provide a lot of insights to final and pre final year students, for preparing them for recruitment.

Prof.R.Mohan Kumar- Conference director (8825732186) shall contact you on further details.

Thanking you and looking forward to have your confirmation.

Event Report for Pre-Placement Talk by MLEKAL

Introduction

On 01.11.2019, the Placement Cell of EGS Pillay Engineering College organized a pre-placement talk by MLEKAL Company for final year Civil and Mechanical Engineering students. The session was held in the college auditorium and was attended by around 129 students.

Objective

The main objective of this pre-placement talk was to introduce MLEKAL Company to the students and provide them with an understanding of the company's profile, culture, values, and expectations. The session aimed to prepare the students for the upcoming placement process and help them understand the job roles and responsibilities in MLEKAL Company.

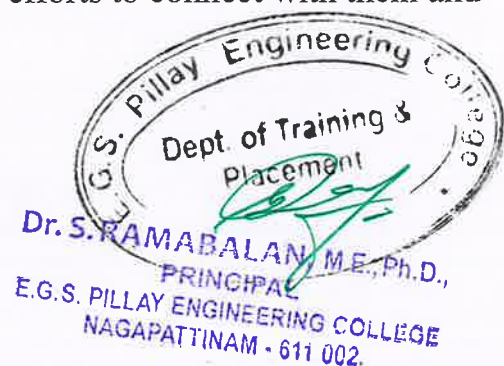

Outcome

The event started with a brief introduction of the company by the HR representative, followed by a presentation on the company's profile, achievements, and future goals. The presentation also highlighted the job roles and responsibilities, growth opportunities, and work culture at MLEKAL Company. The speaker emphasized the importance of soft skills, communication, and team-building skills in the industry and how the company encourages and supports the development of these skills in its employees.

The session also included an interactive Q&A session where students asked questions related to the company's hiring process, job roles, and expectations. The HR representative provided valuable insights and clarified doubts raised by the students.

Conclusion

The pre-placement talk by MLEKAL Company was a huge success, and students gained valuable insights into the company's profile and expectations. The session provided a platform for students to interact with the company representative and clarify their doubts regarding the hiring process and job roles. The event helped students to prepare for the upcoming placement process and enabled them to make informed decisions regarding their career choices. Overall, the pre-placement talk by MLEKAL Company was an informative and interactive session, and students appreciated the company's efforts to connect with them and provide valuable insights into the industry.

SARA DAVID

Co Founder, Joulesqare

Summary

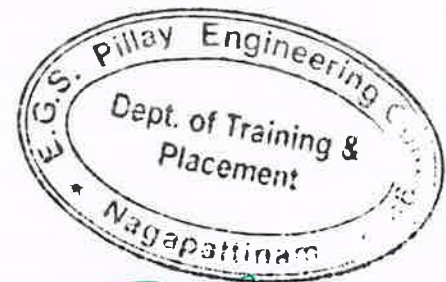

I began my career as a trainee at Sigma and have held multiple leadership roles across markets, including as Head of across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the Co founder Joulesqare, who is now Co Founder, Joulesqare.

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

Outside of Co Founder, Joulesqare, I lend my time and expertise to different business and industry bodies.

Roles and Responsibilities:

- Providing guidance to direct reports, typically comprising first-line managers and supervisors
- Ensuring clarity around priorities and goals for the entire functional area
- Approving requests for investment to a certain level of authority
- Managing overall financial budgeting for her function
- Approving hiring and firing requests within her group
- Guiding the talent identification and development processes for a group or function
- Working across functions with peers in other groups to ensure collaboration for shared goals
- Interacting with senior management for reporting
- Working with senior management and other peers for strategy development and execution planning
- Communicating financial and goal results and key performance indicators to direct reports
- Facilitating goal-level creation for the broader function and working with managers to ensure the goals cascade to all workers

Summary of the Event - Webinar on Power Theft Detection

On 28.11.2019, a webinar was held on the topic of "Power Theft Detection". The webinar was organized by the **Ms.SARA DAVID, Co - Founder, Joulesquare**. The purpose of the webinar was to discuss the challenges and solutions related to power theft detection.

The objectives of the webinar were to:

1. Discuss the challenges faced by the power sector in detecting power theft.
2. Identify the latest technologies and techniques for power theft detection.
3. Share case studies and success stories related to power theft detection.
4. Provide a platform for experts and professionals to exchange ideas and knowledge on power theft detection.

The webinar was kicked off by the moderator who welcomed the participants and introduced the topic. The speaker was a power sector expert who shared his experience of dealing with power theft. He highlighted the various methods used by power thieves and the challenges faced by the power sector in detecting them. He also discussed the economic impact of power theft on the power sector and the consumers.

The webinar concluded with a Q&A session where the participants asked questions and shared their views on power theft detection.

The webinar was successful in achieving its objectives. The participants gained valuable insights into the challenges and solutions related to power theft detection. They also got an opportunity to exchange ideas and knowledge with experts and professionals from the power sector. The webinar provided a platform for collaboration and networking among the participants. The feedback from the participants was overwhelmingly positive, and many expressed their interest in attending similar webinars in the future.

Event Report for HR Interaction - CIVIL

Introduction

Milekal Company organized an HR Interaction event on Civil Engineering on 31.01.2020. The event was aimed at bringing together HR professionals and civil engineers to discuss challenges and opportunities in the industry. The event was attended by around 50 participants from various organizations and academic institutions.

Objective

The primary objective of the HR Interaction event was to create a platform for HR professionals and civil engineers to interact and share their experiences, knowledge, and insights on the latest trends, challenges, and opportunities in the industry. The event aimed to help the participants gain a better understanding of the role of HR in Civil Engineering and how it can contribute to the growth of the industry.

Outcome

The HR Interaction event was a great success, and the participants gained a better understanding of the role of HR in the Civil Engineering industry. The event helped to create a platform for HR professionals and civil engineers to interact and share their experiences, knowledge, and insights. The participants also learned about the latest trends and challenges faced by HR professionals in the industry.

Conclusion

The event began with a welcome address by the organizer, who introduced the theme of the event and its objectives. The keynote speaker, a renowned HR professional, shared his insights on the importance of HR in the Civil Engineering industry and how it can contribute to the growth and development of the industry. The speaker also highlighted the latest trends and challenges faced by HR professionals in the industry.

The event also featured a panel discussion, which focused on the role of HR in recruiting, training, and retaining skilled civil engineers. The panelists, who were HR professionals and civil engineers from different organizations, shared their experiences and insights on the topic. The discussion was interactive, and the participants engaged in a lively debate on various issues related to the topic.

Summary of the Event - Seminar on Artificial Intelligence

On 01.02.2020, a seminar on Artificial Intelligence was held at EGSPEC Auditorium. The event was organized by the Placement cell and **Widhai Techno Soft**. The seminar brought together experts in the field of artificial intelligence, industry leaders, and academics to discuss recent advancements in AI and their implications for society.

The primary objective of the seminar was to explore the current state of artificial intelligence and its potential impact on various industries, including healthcare, finance, and education. The seminar aimed to foster a discussion on the ethical and legal implications of AI and the potential benefits and risks associated with its widespread adoption.

The seminar began with a keynote address from **Dr. S. Chandrasekar, CEO, EGSPEC** and **Mr. Rangarajan, Human resource, Widhai Techno Soft** including deep learning and natural language processing, and their applications in areas such as image and speech recognition, autonomous vehicles, and predictive analytics. The panelists discussed issues such as bias in AI algorithms, data privacy, and the need for regulation in the industry. The seminar also included a series of presentations from industry leaders and academics, who discussed their experiences with AI and its potential applications in various fields. The presentations covered a range of topics, including the use of AI in healthcare to diagnose diseases and personalize treatments, the use of AI in finance to detect fraud and predict market trends, and the use of AI in education to personalize learning and improve student outcomes.

Overall, the seminar provided a comprehensive overview of the current state of artificial intelligence and its potential impact on society. The seminar highlighted the need for ethical considerations in AI development and the importance of collaboration between industry, academia, and policymakers to ensure that AI is used responsibly. The seminar also provided attendees with valuable insights into the potential applications of AI in various industries and the challenges that need to be addressed for its widespread adoption.

SANTHOSH KUMAR

CEO, Sadhaya Telecom

Summary

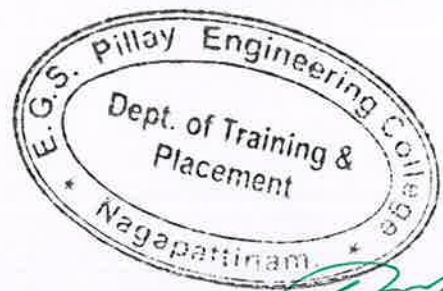

I began my career as a trainee at Sadhaya Telecom and have held multiple leadership roles across markets, including as Head of across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the Sadhaya Telecom, who is now CEO, Sadhaya Telecom.

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

Outside of CEO, Sadhaya Telecom, I lend my time and expertise to different business and industry bodies.

Roles and Responsibilities:

- Providing guidance to direct reports, typically comprising first-line managers and supervisors
- Ensuring clarity around priorities and goals for the entire functional area
- Approving requests for investment to a certain level of authority
- Managing overall financial budgeting for her function
- Approving hiring and firing requests within her group
- Guiding the talent identification and development processes for a group or function
- Working across functions with peers in other groups to ensure collaboration for shared goals
- Interacting with senior management for reporting
- Working with senior management and other peers for strategy development and execution planning
- Communicating financial and goal results and key performance indicators to direct reports
- Facilitating goal-level creation for the broader function and working with managers to ensure the goals cascade to all workers

Summary of the Event - Webinar on 5G – The Future Connectivity

On the 29.02.2020, a webinar was organized on the topic of 5G - The Future Connectivity. The webinar was aimed at providing the participants with an insight into the latest advancements in 5G technologies and how it will shape the future of connectivity.

The primary objective of the webinar was to provide a platform for the participants to learn about the latest advancements in 5G technology and how it will transform the future of connectivity. The webinar aimed to provide a comprehensive understanding of the benefits of 5G technologies, its potential applications, and how it can be implemented in various industries.

The webinar started with an opening speech from the moderator, who introduced the topic and its relevance in today's world. The first session focused on the basics of 5G technologies, its features, and how it differs from its predecessors. The speaker explained the various applications of 5G technologies in different industries such as healthcare, transportation, and manufacturing.

The final session focused on the future of 5G technology and how it will shape the future of connectivity. The speaker discussed the potential applications of 5G technology, such as augmented and virtual reality, autonomous vehicles, and smart cities.

The webinar was a great success, with over 500 participants attending from various industries and backgrounds. The participants gained a comprehensive understanding of the latest advancements in 5G technology and how it will transform the future of connectivity. The webinar provided a platform for the participants to exchange ideas and discuss the potential applications of 5G technology in their respective industries.

In conclusion, the webinar was a valuable learning experience for the participants, providing them with an insight into the potential of 5G technology and its role in shaping the future of connectivity

Summary of the Event - Strategies to overcome upcoming placement session

On 05.05.2020, a placement session strategy event was organized by XYZ college for final year students, aiming to help them overcome the upcoming placement season. The event aimed to equip students with effective placement strategies and techniques that would increase their chances of getting hired by top companies.

The primary objective of the event was to provide students with an insight into the current hiring trends, expectations of recruiters, and common mistakes made by candidates during placements. The event also aimed to provide students with the necessary guidance and support to enhance their skills and boost their confidence before the placement season.

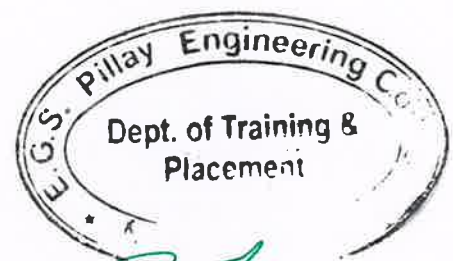

The event began with an introduction to the current job market scenario, followed by an expert panel discussion on the strategies required to excel in placement interviews. The panel included experienced industry professionals, career counselors, and alumni who shared their insights, experiences, and tips for successful placement interviews.

The discussion covered various aspects such as resume building, networking, and effective communication, dressing appropriately, and acing the technical and behavioral interviews. The experts also shared some common mistakes made by candidates during the placement season and provided solutions to overcome them.

The event ended with a Q&A session, where students clarified their doubts and received personalized guidance from the panelists.

The event was highly beneficial for the students, as it provided them with practical tips and techniques to prepare for the upcoming placement season. Students gained valuable insights into the current hiring trends and recruiter expectations, which would help them to tailor their resumes and interview skills accordingly.

Overall, the Strategies to Overcome Upcoming Placement Session event was a resounding success and it helped students to prepare for the placement season with confidence and optimism

Python (Programming Language)

Joel Joy

Associate Manager at RR Donnelley
Tamil Nadu, India

Summary

Motivated Robotics Process Automation with 7+ years of experience in major vendors like Automation Anywhere, UiPath and Blue prism managing all levels of large scale projects, including analysis and administration. Certified in Automation Anywhere and UiPath.

Experience

RR Donnelley

4 years 3 months

Associate Manager

October 2021 - Present (1 year 7 months)

senior rpa developer

February 2019 - Present (4 years 3 months)

Chennai Area, India

Larsen & Toubro Infotech / L&T Infotech

Automation Engineer

March 2016 - Present (7 years 2 months)

Chennai Area, India

I&t infotech

LTI

June 2017 - February 2019 (1 year 9 months)

Chennai Area, India

RPA Developer worked with many RPA Tools like UI Path, SikuliX, AutoIT.

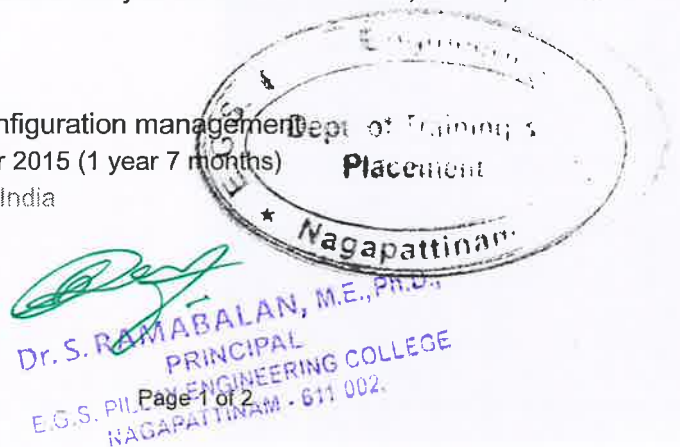

L&T Infotech

Deployment and configuration management Dept. of Training &

June 2014 - December 2015 (1 year 7 months)

Chennai, Tamil Nadu, India

Summary of the Event - Webinar on PYTHON

Introduction

Python is a popular programming language that is widely used in a variety of applications, including data science, web development, machine learning, and artificial intelligence. It is an open-source and easy-to-learn language, making it a favorite among developers. The recent webinar on Python aimed to provide an overview of the language, its features, and its applications.

Objectives

The objectives of the webinar on Python were to:

- Introduce the basics of Python programming language
- Provide an overview of the various libraries and frameworks available in Python for different applications
- Demonstrate how Python can be used in data science, web development, machine learning, and artificial intelligence
- Discuss the latest trends and advancements in Python

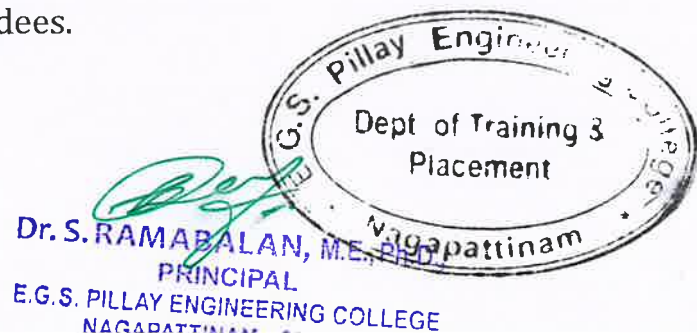

Outcome

The webinar on Python was a highly informative session that covered a wide range of topics related to the language. The webinar started with an introduction to the basics of Python programming, including variables, data types, loops, and functions.

The webinar also focused on the use of Python in data science, machine learning, and artificial intelligence. The speaker demonstrated how Python can be used to analyze and visualize data, build machine learning models, and create intelligent applications. Finally, the webinar concluded with a discussion of the latest trends and advancements in Python, such as the adoption of Python in the financial industry and the increasing popularity of Python for web development.

Conclusion

The webinar on Python was highly successful in achieving its objectives. The attendees gained a solid understanding of the basics of Python programming, its applications in different domains, and the latest trends and advancements in the language. The attendees also got to know how Python can be used in data science, machine learning, and artificial intelligence, and how it can be used to build intelligent applications. Overall, the webinar was a great learning experience for all attendees.

Summary OF THE Event - Placement Trends and Challenges 2021

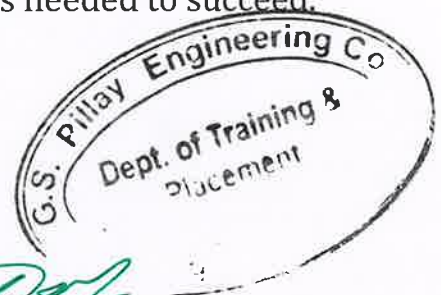

On 08.05.2020, the Placement Cell of EGSPEC organized a lecture on Placement Trends and Challenges 2021. The speaker for the event was Mr. Mohan Kumar, the Placement Director of EGSPEC. The lecture was attended by students, faculty members, and placement cell members of the institutions.

The session commenced with an introduction by the Placement Cell Trainer, Ms. Ramya, who welcomed Mr. Mohan Kumar and the students. Mr. Mohan Kumar began the session by discussing the current placement scenario in the market. He emphasized the need for students to stay updated with the latest trends and technologies in their respective fields to increase their employability. He also highlighted the importance of developing critical thinking, problem-solving, and communication skills to enhance their chances of getting placed.

Mr. Mohan Kumar then moved on to talk about the latest placement trends in various industries. He discussed how the pandemic had affected the placement scenario, and the industries that were hit the hardest. He also discussed the rise of remote work and how companies were adapting to the new normal. He urged the students to be open to the idea of working remotely and developing their digital skills.

The lecture concluded with a Q&A session, where the students had the opportunity to interact with Mr. Mohan Kumar and clarify their doubts. The questions ranged from how to develop skills for a specific industry to the future of remote work. Mr. Mohan Kumar answered the questions comprehensively, leaving the students satisfied and more informed.

Overall, the lecture on Placement Trends and Challenges 2021 was insightful and informative. Mr. Mohan Kumar's expertise in the field and his ability to convey the message clearly made the session engaging and valuable for the students. The event was a success and left the attendees with a better understanding of the current job market and the skills needed to succeed.

Summary of the Event - Any Body Can Do Engineering

The Any Body Can Do Engineering webinar was held on 09.05.2020, with the aim of promoting engineering as a viable career path for anyone interested in the field. The webinar was hosted by Placement cell, and it featured experts in the engineering field who shared their knowledge and experiences with the attendees.

The main objective of the webinar was to debunk the myth that engineering is only for the "geniuses" or those who excel in mathematics and science. The organizers of the webinar wanted to show that engineering is a field that anyone can excel in, regardless of their background or academic abilities.

The webinar started with an introduction from the host, who gave a brief overview of the event and its objectives. The speaker, **Mr. Rajkumar kalaimani, Senior System Engineer, Infosys Ltd** a seasoned engineer with over 3 years of experience in the field, talked about the importance of having a growth mindset and a positive attitude towards learning. He shared his journey into engineering and how he overcame challenges such as self-doubt and lack of resources. The speaker, talked about the importance of mentorship and community in engineering. He shared how he has helped many students, especially those from underrepresented groups, to excel in the field by providing them with guidance and support.

The webinar was a success, with over [number] attendees from different parts of the world. The attendees gave positive feedback, with many stating that the webinar inspired them to pursue a career in engineering. The event also sparked discussions about the need for more diversity in the engineering field and how it can lead to better solutions for the world's problems. Overall, the Any Body Can Do Engineering webinar was a great initiative to encourage more people to consider engineering as a career path.

Summary of the Event - Webinar on Robotics

On 15.05.2020, a webinar on Robotics was held by EGSPEC Placement cell. The webinar aimed to discuss the latest trends and developments in the field of robotics, as well as its various applications in different industries.

The objective of the webinar was to provide an opportunity for robotics experts and enthusiasts to come together and share their knowledge and experiences. The webinar aimed to cover a wide range of topics related to robotics, including its history, current state of the art, and future potential.

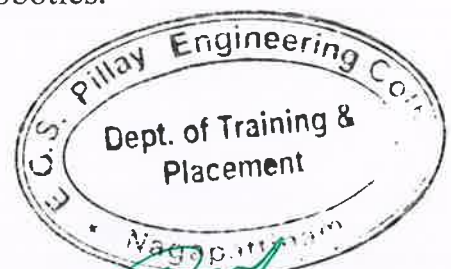

The webinar began with an opening address by the Placement Director, who introduced the speaker and the agenda for the day. The first speaker talked about the history of robotics, tracing its origins back to ancient times and discussing its evolution over the centuries. They also touched on the different types of robots and their uses in various industries.

The speaker delved into the latest trends and developments in robotics, discussing topics such as machine learning, computer vision, and artificial intelligence. They also talked about the challenges that robotics faces today and how these can be overcome in the future.

The speaker talked about the future potential of robotics, highlighting the many areas where robots could play a transformative role. These included healthcare, education, manufacturing, and space exploration.

The webinar was a huge success, with hundreds of participants from all over the world tuning in to learn about robotics. The speakers were highly knowledgeable and engaging, and the Q&A session that followed each presentation provided an opportunity for participants to ask questions and engage in lively discussions.

Overall, the webinar achieved its objective of bringing together experts and enthusiasts from different backgrounds to share their knowledge and experiences. It provided a platform for learning, networking, and collaboration, and showcased the exciting possibilities that lie ahead in the field of robotics.

Summary of the Event - Opportunities around the world

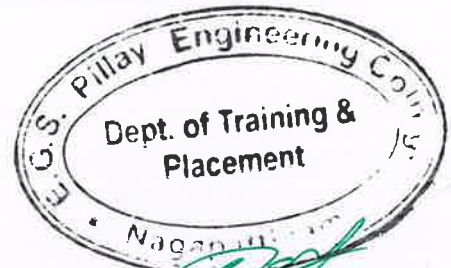

On 23.05.2020, the Placement Cell of EGSPEC organized an **Opportunities around the world**. The speaker for the event was **Mr. S. Premnath, Co Founder & CMO Trapsi**. The lecture was attended by students, faculty members, and placement cell members of the institutions.

The session commenced with an introduction by the Placement Cell Trainer, Ms.Ramya, who welcomed Mr. S. Premnath and the students. Mr. S. Premnath began the session by discussing the current placement scenario in the market. He emphasized the need for students to stay updated with the latest trends and technologies in their respective fields to increase their employability. He also highlighted the importance of developing critical thinking, problem-solving, and communication skills to enhance their chances of getting placed.

Mr. S. Premnath then moved on to talk about the latest placement trends in various industries. He discussed how the pandemic had affected the placement scenario, and the industries that were hit the hardest. He also discussed the rise of remote work and how companies were adapting to the new normal. He urged the students to be open to the idea of working remotely and developing their digital skills.

The lecture concluded with a Q&A session, where the students had the opportunity to interact with Mr. S. Premnath and clarify their doubts. The questions ranged from how to develop skills for a specific industry to the future of remote work. Mr. S. Premnath answered the questions comprehensively, leaving the students satisfied and more informed.

Overall, the lecture on Placement Trends and Challenges 2021 was insightful and informative. Mr. S. Premnath's expertise in the field and his ability to convey the message clearly made the session engaging and valuable for the students. The event was a success and left the attendees with a better understanding of the current job market and the skills needed to succeed.
