Summary of Mock Assessment on 10th January 2021

The Training & Placement department has organized Mock Assessment for Final year students on 10.01.2021. Total 154 students has participated in this Assessment. This is conducted to evaluate the students coding knowledge and help them to crack the technical rounds in interview process.

The objective of this Assessment is to evaluate and to enhance the technical skills of the students. This assessment also helped the students to understand the interview process and also elaborated the deep insights of mistakes which candidates make while attending interviews. It has provided a vibrant opportunity for students in the recruitment phase and to enhance their programming skills.

Trainers of Training & Placement department has conducted the assessment in three phases.

Phase I

The students has to answer around fifty technical questions in one hour by login into their skillrack platform.

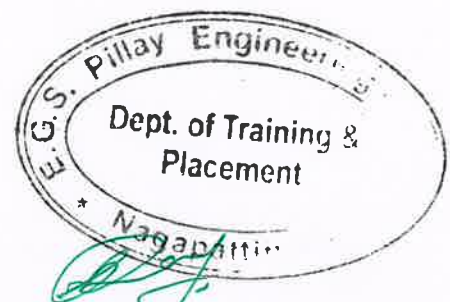

Phase II

To develop the code for a given question

Phase III

To explain the coding concepts and to write a code given by HR.

Students got an idea how to clear the technical rounds and to crack the interview process. All the students really appreciated the contents that were discussed, and they understood the basics of C programming in detail.
