Tree Plantation camp on 08.03.2021

Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe. Climate change, global warming, climate protests – these are not just buzz words, these are the words used by the younger generation to raise their concerns about our environment and it is time that everybody started listening to their message. Tree Plantation program conducted at Thethi Village on 08.03.2021 during NSS Special camp.

Tree Plantation by Ms.Bavadarani (NSS Student) at Thethi Village on 08.03.2021, Dr.S.Ramabalan Principal Preside over the program .NSS Program officer Dr.V.Sivaramakrishnan coordinate this program

Herbal awareness program on 07-03-2021

Medicinal plants and their extracts are natural resources of compounds used for ethnomedical and phytotherapy. They are also a source of natural product used in the new related compounds and drugs for conventional medicine. The increasing treatments interest herbal medicines requires a comprehensive assessment of research data in this field to held focus future efforts . Medicinal plants will be useful for Maternal and Child health care, as essential drugs, in food and nutrition, for common illnesses and injury, for endemic infectious diseases, mental health and oral health.

Yoga programme on 06-03-2021

Students of all professional courses are under stress amongst which engineering curriculum is rated as one of the highest. Yoga is a perfect complement to student's lives. The physical practice is a great relief to lengthy periods of being stationary when students are studying, and there are also many benefits for the mind and relieve from stress and anxiety. Many studies have indicated that the students experienced a reduction in stress and anxiety levels after inclusion of regular practice of yoga and can have a significant change in the lifestyle of an engineer by allowing them to maintain their health as well as relieving them from their day-to-day stress. Considering the long-term effects of the engineering profession on one's health, it is crucial to know the awareness levels about yoga and its benefits amongst engineering undergraduate and post-graduate students towards ensuring physical, mental and psychological well-being. With this objective, NSS of E.G.S. Pillay Engineering College conducted a Yoga program on 02-02-2022 for first year students (around 50 students). Mr. Pandian, Yoga Master/EGSPEC conducted the class by performing yoga poses in precise alignment, using the correct terminology, and safely guiding students through the flow of the practice. He guided students to "connect to breath" while conducting a series of physical and mental exercises. Students participated in the class reported increased levels of relaxation, greater perspective of their lives, more focus, and feelings of empowerment.

Plastic awareness programme on 11-01-2021

The COE Dr.M.Chinnadurai flagged off a rally to create awareness on the importance of solid waste management and distributed yellow bags and pamphlets to create awareness of managing waste to the residents of Thethi Village. Nearly 100 students held charts with slogans against use of plastic. Our college NSS Unit organized Plastic awareness programme on 11-01-2021 at Thethi Village.

Founder's day celebration on 02-01-2021

Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe. Climate change, global warming, climate protests – these are not just buzz words, these are the words used by the younger generation to raise their concerns about our environment and it is time that everybody started listening to their message. Tree Plantation Program for founder G.S.Pillay Birthday conducted on 02-01-2021 at EGSPEC. Tamil Nadu govt state Hand loom Minister Mr. OS Maniana sapling planted at our college. Tree plantation program organized by Dr.V.Sivaramakrishnan, NSS Program officer. Tree plantation program nearly 100 NSS volunteers , NSS program officer, COE Dr.M.Chinnadurai, Training and placement faculties participated.

02.01.2021 Founders day celebration . Tree plantation Program . Chief guest Tamil nadu state Minister O.S.Manian .

Legal awareness programme (online) on 29-10-2020

Legal awareness program on 29-10-2020 at EGSEC conducted. Cyber crime especially against women and children are on the raise and they have been drastically victimized in the cyberspace. Some illegal persons try to defame women and children by sending obscene e-mails, stalking women and children by using chat rooms, websites etc., developing pornographic videos where women and children are depicted in compromising positions mostly created without their consent, spoofing e-mails, morphing of images for pornographic content etc. Massive awareness needs to be created regarding the safe use of Mobile Phones, Computers and the Internet. In this context, the NSS unit of EGSPEC in collaboration with the department of Science and humanities organized cyber safety awareness program for students and staff of EGSPEC. Mr. C Sureshkumar, Sub-Judge & Secretary/ District legal services authority, Nagapattinam, invited as one chief guest and delivered lecture on "Cyber Security and Cyber Crime in Digital Era". His talk geared on various facts of Cyber Stalking, Extortion, Spoofing, Cyber Crimes and Cyber Forensics. Mr. A.K.A. Rahamaan, District-Judge & Chairman/ permanent lok Adalat, District legal services authority, Nagapattinam, invited as chief guest. He discussed about crime investigation case studies. His talk pursued about Privacy Policy for various applications that are freely available. He catered usage of Disposable Email Accounts and explained the importance of it. At the end of the session, the Program officer/ NSS, Dr. V. Sivaramakrishnan conveyed the vote of thanks to the speaker who enlightened the students on the scope of projects in Cyber Security and issues in cyber space. About 100 students 25 staff actively participated in the awareness program and questions related to cyber fraud and cyber women crimes were asked, in respect of which information was given by the cyber officers regarding their avoidance.

Tree Plantation programme on 15-09-2020

Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe. Climate change, global warming, climate protests – these are not just buzz words, these are the words used by the younger generation to raise their concerns about our environment and it is time that everybody started listening to their message. Tree Plantation Program conducted on 15.09.2020 . NSS volunteers psapling planted at each of native places. Tree plantation program organized by Dr.V.Sivaramakrishnan, NSS Program officer. Tree plantation program nearly 100 NSS volunteers , NSS program officer participated.
