# Hari Santhosh

DevOps Engineer | Internet Of Things Enthusiast | Cloud Architect |  
AI Engineer  
Emden, Lower Saxony, Germany

## Summary

An avid techie working on cross-platform application development in JavaScript stack who loves to architect Web & Mobile applications. Always willing to extend/share and collaborate with fellow developers having a similar passion.

## IT Skills

Languages: JavaScript, Node JS, Angular, Java, Python, C, C++, and Solidity

Front-End Development: React, React Native, Angular, ExtJS, JQuery and Ionic

Virtualization and Cloud Technologies: Amazon Web Services(AWS), Google Cloud Platform(GCP), IBM Bluemix and Docker Containerization.

Devops: Chef, Puppet, Ansible, Serverless Application Model(SAM) and Jenkins

## Embedded Skills

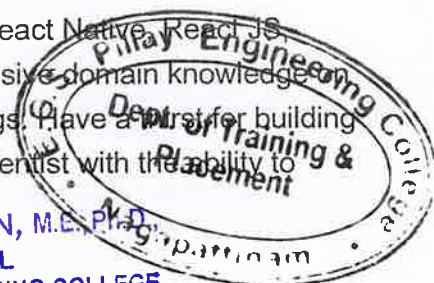

Languages: Embedded C, Arduino, C++, Matlab, OpenCV, Processing, Cisco Packet Tracer and OpenStack

Experience building Enterprise-grade applications in MERN Stack and MEAN stack, also developing Automation scripts for APIs using Python to account for functional as well as the security needs of the application

Specialized in MicroServices, Node JS, React Native, React JS, GraphQL, Angular and Python with extensive domain knowledge on Embedded Systems and Internet Of Things. Have a strong ability to build products from scratch. A budding data scientist with the ability to

  
Dr. S. RAMBALAN, M.E., Ph.D.

PRINCIPAL  
E.G.S. PILLAY ENGINEERING COLLEGE  
NAGAPATTINAM - 611 002.

work on complex datasets and derive meaningful insights, proficient working with Pandas, Numpy, Scikit-learn, Seaborn, Bokeh and other data-visualization libraries in Python.

An active advocate of Decentralized applications, with professional hands-on experience in Ethereum, Hyperledger and other Blockchain frameworks. Has keen business acumen on leveraging technology to implement the proper solution by asking the right questions for the challenges in hand and using Data Science as a tool to solve them.

---

## Experience

### trinamiX GmbH

#### Cloud Developer

September 2020 - Present (2 years 8 months)

Ludwigshafen, Rheinland-Pfalz, Germany

Cloud Engineer for trinamiX Data technology team

Responsible for building Monitoring applications for the spectroscopy solutions

### Honeywell

#### Master Thesis

February 2020 - August 2020 (7 months)

Osnabrück Area, Germany

Value stream analysis and optimization of production process using ICT technologies.

Responsible for building a forecasting model to estimate the time taken to produce a required quantity of Gas Meters from the production data obtained from SAP ME.

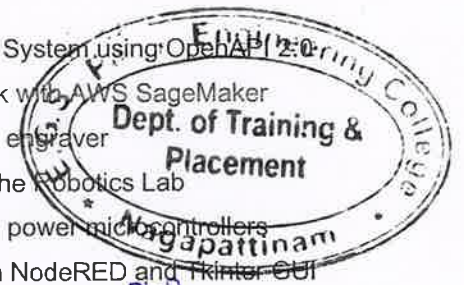

### University of Applied Sciences Emden/Leer

#### Graduate Assistant

August 2019 - January 2020 (6 months)

Emden Area, Germany

- REST Interface implementation of ERP System using OpenAPI
- Predictive Maintenance in DigitaleFabrik with AWS SageMaker
- Python based automation tool for Laser engraver
- Enabled the AWS Cloud Integration in the Robotics Lab
- Automating IIoT OS deployment in low power microcontrollers
- Data generator for signal modelling with NodeRED and Tkinter GUI

  
Dr. S. R. MAHALINGAM, M.E., Ph.D.,  
PRINCIPAL  
E.G.S. PILLAY ENGINEERING COLLEGE  
NAGAPATTINAM - 611 002.

- Migration of Oracle DB to PostgreSQL in Amazon Web Services
- Client Interface for Collaborative Robots using Spring-boot and Maven
- Machine to Machine collaboration between different Robotic systems
- Automatic control of 3D Printers with Linux Scripting

## Verizon Enterprise Solutions

### Analyst

June 2016 - February 2019 (2 years 9 months)

Chennai Area, India

As a full stack developer responsible for developing and delivering end to end Billing and Invoice solutions for Enterprise customers.

Enabled the functionality of an Automated Credit Adjustments tool.

Worked on enabling DevOps Pipeline by contributing to Capital One's Hygieia Dashboard

Assisted in Migration of applications from On-Prim to Amazon Web Services.

Member of the Centre of Excellence, thereby steering innovation in the portfolio by working on emerging technologies

UI / UX Enhancement of applications

## NIIT Limited

### Java Trainer

January 2015 - June 2016 (1 year 6 months)

Chennai, Tamil Nadu, India

Conducted a crash course in Java alongside few of the alumni of NIIT for a Freshers batch

---

## Education

### University of Applied Sciences Emden/Leer

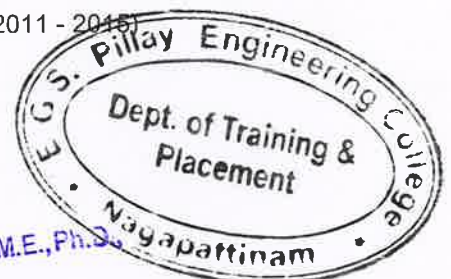

ME - Master of Engineering, Industrial Informatics specialisation in Cyber Physical Systems · (2019 - 2020)

### Anna University

Electronics and communication, Electrical, Electronic and Communications Engineering Technology/Technician · (2011 - 2015)

Dr. S. RAMABALAN, M.E., Ph.D.  
PRINCIPAL  
E.G.S. PILLAY ENGINEERING COLLEGE  
NAGAPATTINAM - 611 002.

## Top Skills

VHDL

C

Java Enterprise Edition

## Languages

English (Full Professional)

Tamil (Native or Bilingual)

Hindi (Limited Working)

Telugu (Elementary)

German (Limited Working)

## Certifications

Oracle Certified Associate, Java SE 8 Programmer

## Honors-Awards

Best Volunteer Award -Received from chennai district mayor

Rain Maker

Cognizant Innovation summit 2K13 -Secured runner up award for "Bill Breaker " android application

SBI Predict for the Bank 2019 Innovation Hackathon - Runner ups of "Predict the Bank 2019"

# Gayathri S

Full stack developer  
Stuttgart Region

## Summary

Currently working as an application developer with proven expertise in all facets of software development life cycle from analysis and design to implementation and maintenance. Adept at building strong working relationships with clients and co-workers.

## Technical Expertise:

Languages : Java,SQL,C,C++,HTML

Frameworks: J2EE, Spring - MVC,AOP,IOC,BOOT,BATCH, Hibernate,ORM,JPA

API's : Servlets,EJB,Java Naming and Directory Interface(JNDI)

Testing : Junit,Mockito

Databases: Oracle,MySQL,IBM DB2

NoSql : BigData,Solr,Marklogic

## Experience

### Philips

Full Stack Developer

September 2019 - Present (3 years 8 months)

Munich, Bavaria

### BNP Paribas

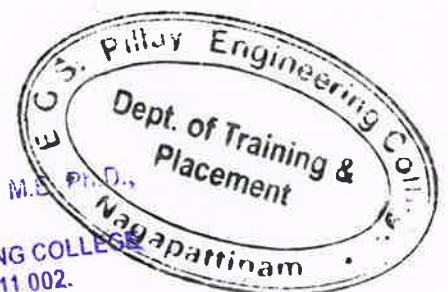

Software Engineer

January 2018 - August 2018 (8 months)

Chennai Area, India

Cognizant Technology Solutions  
Associate

  
DR. S. RAMABALAN, M.S., Ph.D.  
PRINCIPAL  
E.G.S. PILLAY ENGINEERING COLLEGE  
NAGAPATTINAM - 611 002.  
Page 1 of 3

February 2013 - January 2018 (5 years)

Chennai Area, India

Encapsulating my skills, implementing innovations to benefit the industry and quest to learn new developments & work in real challenging environment that enables me to be the part of the latest developments in the industry

Roles and Responsibilities:

- Understand the requirement document and design the To-Be requirements
- Undertake gap-analysis, if any, to streamline the development process
- Enable seamless communication with onsite on service side development
- Ownership of the service change-requests after user-acceptance testing(UAT)
- Support for service functionalities for faster turnaround time of defects during UAT
- Perform code optimization and Integration with front end U.I design

Achievements:

- Efficient handover for BAU (business as usual) 3 use cases in record time
- Service end developer from project design phase to project delivery
- Recently got promoted to "Associate" role

All India Radio

Part time Radio Entertainer

January 2011 - June 2014 (3 years 6 months)

---

## Event Report for Landscape of Modern IT application

### Introduction

On 06.06.2020, the Placement Cell of EGSPEC organized a **Landscape of Modern IT application**. The speaker for the event was **Mr. Hari santhosh, AWS Cloud Architect, Honeywell, Germany, Ms. Gayathri Sekar, Full Stack Developer, Philips, Germany**. The lecture was attended by students, faculty members, and placement cell members of the institutions.

### Objective

The session commenced with an introduction by the Placement Cell Trainer, Ms. Ramya, who welcomed **Mr. Hari santhosh**, and the students. **Ms. Gayathri Sekar** began the session by discussing the current placement scenario in the market. He emphasized the need for students to stay updated with the latest trends and technologies in their respective fields to increase their employability. He also highlighted the importance of developing critical thinking, problem-solving, and communication skills to enhance their chances of getting placed.

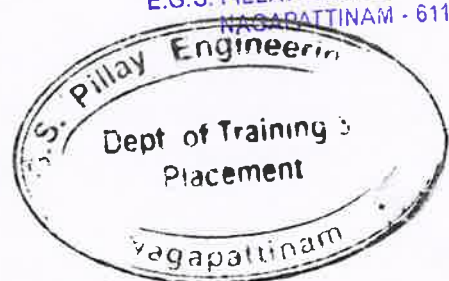

### Outcome

Mr. Hari santhosh then moved on to talk about the latest placement trends in various industries. He discussed how the pandemic had affected the placement scenario, and the industries that were hit the hardest. He also discussed the rise of remote work and how companies were adapting to the new normal. He urged the students to be open to the idea of working remotely and developing their digital skills.

The lecture concluded with a Q&A session, where the students had the opportunity to interact with Ms. Gayathri Sekar and clarify their doubts. The questions ranged from how to develop skills for a specific industry to the future of remote work. Mr. Ms. Gayathri Sekar answered the questions comprehensively, leaving the students satisfied and more informed.

### Conclusion

Overall, the lecture on Placement Trends and Challenges 2021 was insightful and informative. Mr. Hari santhosh's expertise in the field and his ability to convey the message clearly made the session engaging and valuable for the students. The event was a success and left the attendees with a better understanding of the current job market and the skills needed to succeed.

## Experience

VDart Inc

President & CEO

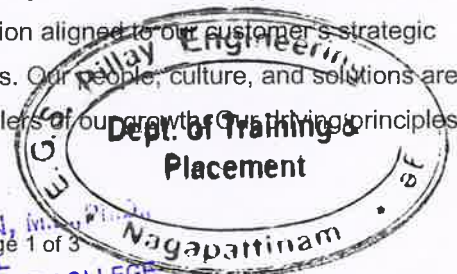

April 2008 - Present (15 years 1 month)

VDart Inc is a global digital solution, products, and talent management company providing cutting-edge technology solutions across Automotive, Manufacturing, Energy & Utilities, and Healthcare Industries.

We solve complex problems through innovation and human ingenuity for a better world, putting purpose before profit.

We have built a strong culture of Industry-focused technology innovation and solutions to enable digital transformation aligned to our customer's strategic business needs and desired outcomes. Our people, culture, and solutions are what truly define us and are key enablers of our growth. Our guiding principles

  
U.S. KAMABALAN, M.Sc., Ph.D.  
PRINCIPAL  
E.G.S. PILLAY ENGINEERING COLLEGE  
NAGAPATTINAM - 611 002.

keep us focused on our mission and forms the soul of our company which is reflected in every interaction we have.

We power the next generation of mobility with our fleet management, digital key, and connected vehicle solutions. We bring extensive experience collaborating with leading automotive OEMs, Tier1 suppliers and fleet owners to develop advanced mobility solutions to support the growing need for mobility-on-demand.

Led by a strong global team located across 10 countries including the USA, Canada, Mexico, Brazil, UK, Japan, Australia & India, we provide solution expertise for custom turn-key projects for design and implementation of future concepts and cutting-edge technologies, delivering an engaging customer experience, creating better business value. We partner with our clients from ideations, and strategy through prototyping, testing, product launch, and steady-state support.

We have deep expertise in emerging and cutting-edge technologies such as blockchain, IOT, UI/UX, AR/VR, Cloud, Data Science, Machine Learning, AI, NLP, Analytics, Cybersecurity, Identify management, and Intelligent automation.

## Summary of the Event - Graduating During a Pandemic

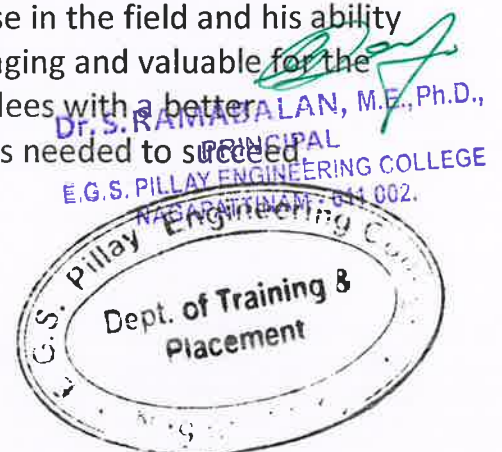

On 17.07.2020, the Placement Cell of EGSPEC organized an **Graduating During a Pandemic**. The speaker for the event was **Mr. Sidd Ahmed, Founder and CEO, VDart Group**. The lecture was attended by students, faculty members, and placement cell members of the institutions.

The session commenced with an introduction by the Placement Cell Trainer, Ms.Ramya, who welcomed Mr. Sidd Ahmed, and the students. Mr. Sidd Ahmed began the session by discussing the current placement scenario in the market. He emphasized the need for students to stay updated with the latest trends and technologies in their respective fields to increase their employability. He also highlighted the importance of developing critical thinking, problem-solving, and communication skills to enhance their chances of getting placed.

Mr. Sidd Ahmed then moved on to talk about the latest placement trends in various industries. He discussed how the pandemic had affected the placement scenario, and the industries that were hit the hardest. He also discussed the rise of remote work and how companies were adapting to the new normal. He urged the students to be open to the idea of working remotely and developing their digital skills.

The lecture concluded with a Q&A session, where the students had the opportunity to interact with Mr. Sidd Ahmed and clarify their doubts. The questions ranged from how to develop skills for a specific industry to the future of remote work. Mr. Mr. Sidd Ahmed answered the questions comprehensively, leaving the students satisfied and more informed.

Overall, the lecture on Placement Trends and Challenges 2021 was insightful and informative. Mr. Sidd Ahmed's expertise in the field and his ability to convey the message clearly made the session engaging and valuable for the students. The event was a success and left the attendees with a better understanding of the current job market and the skills needed to succeed.

# VIGNESH RAJ

Executive Manager Sirikshi Electronics Pvt Ltd

## Summary

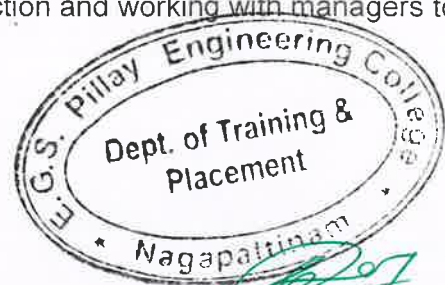

I began my career as a trainee at Sirikshi Electronics and have held multiple leadership roles across markets, including as Head of across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the Executive Manager Sirikshi Electronics, who is now Executive Manager Sirikshi Electronics.

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

Outside of Executive Manager Sirikshi Electronics, I lend my time and expertise to different business and industry bodies.

## Roles and Responsibilities:

- Providing guidance to direct reports, typically comprising first-line managers and supervisors
- Ensuring clarity around priorities and goals for the entire functional area
- Approving requests for investment to a certain level of authority
- Managing overall financial budgeting for her function
- Approving hiring and firing requests within her group
- Guiding the talent identification and development processes for a group or function
- Working across functions with peers in other groups to ensure collaboration for shared goals
- Interacting with senior management for reporting
- Working with senior management and other peers for strategy development and execution planning
- Communicating financial and goal results and key performance indicators to direct reports
- Facilitating goal-level creation for the broader function and working with managers to ensure the goals cascade to all workers

## Event Report for Online Workshop on VSLI DESIGN

### Introduction

On 21.10.2020, an Online Workshop was held on the topic of "VSLI DESIGN ". The webinar was organized by the **Mr. Vignesh raj, Executive Manager, Shirikshi Electronics Pvt Ltd**. The purpose of the webinar was to discuss the challenges and solutions related to VSLI DESIGN.

### Objectives

The objectives of the webinar were to:

1. Discuss the challenges faced by the power sector in VSLI DESIGN.
2. Identify the latest technologies and techniques for VSLI DESIGN.
3. Share case studies and success stories related to VSLI DESIGN.
4. Provide a platform for experts and professionals to exchange ideas and knowledge on VSLI DESIGN.

### Outcome

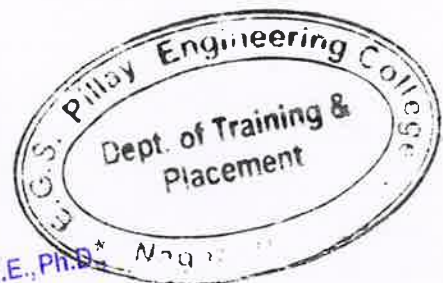

The webinar was kicked off by the moderator who welcomed the participants and introduced the topic. The speaker was a power sector expert who shared his experience of dealing with VSLI DESIGN. He highlighted the various methods used by VSLI DESIGN and the challenges faced by the power sector in detecting them. He also discussed the economic impact of power theft on the power sector and the consumers.

The webinar concluded with a Q&A session where the participants asked questions and shared their views on VSLI DESIGN.

### Summary

The webinar was successful in achieving its objectives. The participants gained valuable insights into the challenges and solutions related to VSLI DESIGN. They also got an opportunity to exchange ideas and knowledge with experts and professionals from the power sector. The webinar provided a platform for collaboration and networking among the participants. The feedback from the participants was overwhelmingly positive, and many expressed their interest in attending similar webinars in the future.

# AARYA

## CEO, BAIRAV TECH

### Summary

I began my career as a trainee at Bairav Tech and have held multiple leadership roles across markets, including as Head of across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the Bairav Tech, who is now CEO Bairav Tech.

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

Outside of CEO Bairav Tech, I lend my time and expertise to different business and industry bodies.

### Roles and Responsibilities:

- Providing guidance to direct reports, typically comprising first-line managers and supervisors
- Ensuring clarity around priorities and goals for the entire functional area
- Approving requests for investment to a certain level of authority
- Managing overall financial budgeting for her function
- Approving hiring and firing requests within her group
- Guiding the talent identification and development processes for a group or function
- Working across functions with peers in other groups to ensure collaboration for shared goals
- Interacting with senior management for reporting
- Working with senior management and other peers for strategy development and execution planning
- Communicating financial and goal results and key performance indicators to direct reports
- Facilitating goal-level creation for the broader function and working with managers to ensure the goals cascade to all workers

## Summary of the Event - Webinar on Information Security Analyst

**Webinar on Information Security Analyst** was organized for the final year students of CSE, IT, ECE, MCA by the Training & Placement Department jointly with Technical Experts of **Bairav Tech**. The session was based on Android development and it was held on 23.10.2020.

The event began with a welcome by Mr. AARYA, Placement Director followed by the introduction to the resource person, Mr. AARYA, Founder, Navatron IT Solutions. The main objective of this session is to give a detailed knowledge about Information Security Analyst, importance of Information Security Analyst and its career.

The session commenced with a brief introduction to Information Security Analyst and discussed the question "What is Information Security Analyst" to assess the knowledge of the students and to break the ice. The speaker spoke about how to become a perfect Data analyst in IT field. It also covered JAVA the programming language that underpins all android development, mastering the basics of XML, android SDK, Android studio etc. He also shared his screen to show LIVE how an application is developed on an android. This provided students an opportunity to provide input to and exchange ideas and give individual feedback on issues of importance to this topic.

The event ended with a feedback session and the students showed interest in Information Security Analyst. The speaker also made the students aware of Information Security Analyst through hands on training to prepare fresh graduates to seize career opportunities.

## Manager, EmbedNS

### Summary

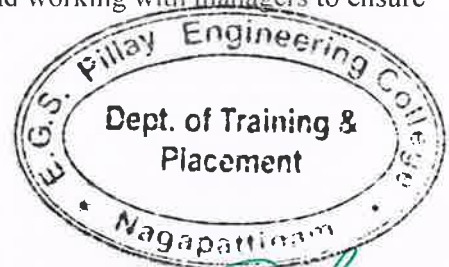

I began my career as a trainee at EmbedNS and have held multiple leadership roles across markets, including as Head of across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the EmbedNS, who is now Senior Manager EmbedNS.

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

Outside of Senior Manager EmbedNS, I lend my time and expertise to different business and industry bodies.

### Roles and Responsibilities:

- Providing guidance to direct reports, typically comprising first-line managers and supervisors
- Ensuring clarity around priorities and goals for the entire functional area
- Approving requests for investment to a certain level of authority
- Managing overall financial budgeting for her function
- Approving hiring and firing requests within her group
- Guiding the talent identification and development processes for a group or function
- Working across functions with peers in other groups to ensure collaboration for shared goals
- Interacting with senior management for reporting
- Working with senior management and other peers for strategy development and execution planning
- Communicating financial and goal results and key performance indicators to direct reports
- Facilitating goal-level creation for the broader function and working with managers to ensure the goals cascade to all workers

## Online Workshop on “System On- Chip Design Challenges on 28.11.2020

**EC-Council**  
Teaching Cybersecurity for Over 20 Years

### Why the growing need?

- A cyber attack takes place worldwide every 39 seconds.
- Global cybercrime damages are estimated to cost \$6 trillion per year by 2021.
- 80% of cyber fraud is generated from mobile apps.
- Over 400,000 DDoS attacks are reported every month.
- 43% of cyber crimes target small businesses.
- Enterprises lose over \$2 million because of denial-of-service attacks.
- Cyberwarfare is now a rising trend, especially among cybercriminals.
- Over 4.8 billion population now on Internet.
- Over 400,000 fake sites pop up per month, with 13,000 fresh sites popping up every day.
- 17 billion connected smart devices worldwide.

## Event Report for Online Workshop on System On - Chip Design Challenges

### Introduction

On **28.11.2020**, an Online Workshop was held on the topic of "**On - Chip Design**". The webinar was organized by the **Mr. L.S. Kumar, Manager, Embedns**, The purpose of the webinar was to discuss the challenges and solutions related to **On - Chip Design**.

### Objectives

The objectives of the webinar were to:

1. Discuss the challenges faced by the power sector in On - Chip Design.
2. Identify the latest technologies and techniques for On - Chip Design.
3. Share case studies and success stories related to On - Chip Design.
4. Provide a platform for experts and professionals to exchange ideas and knowledge on On - Chip Design.

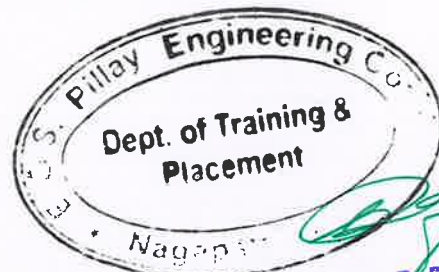

### Outcome

The webinar was kicked off by the moderator who welcomed the participants and introduced the topic. The speaker was a power sector expert who shared his experience of dealing with On - Chip Design. He highlighted the various methods used by On - Chip Design and the challenges faced by the power sector in detecting them. He also discussed the economic impact of On - Chip Design and the consumers.

The webinar concluded with a Q&A session where the participants asked questions and shared their views on On - Chip Design.

### Conclusion

The webinar was successful in achieving its objectives. The participants gained valuable insights into the challenges and solutions related to On - Chip Design. They also got an opportunity to exchange ideas and knowledge with experts and professionals from the power sector. The webinar provided a platform for collaboration and networking among the participants. The feedback from the participants was overwhelmingly positive, and many expressed their interest in attending similar webinars in the future.

ASSISTANT PROFESSOR

EMAIL: sganapathy84@gmail.com

MOBILE: + 91 9487691901, 9710196914.

## OBJECTIVE

Driven by strong passion towards teaching, seeking challenging opportunity as teaching professional for giving the practical knowledge which makes the student's career progressive in a reputed educational institution.

## SKILLS

- REDHAT 8.0 certified System Administrator
- VMWare certified Trainer
- Soft Skill Trainer
- C Programming Trainer
- R Programming
- PHP, Dot NET
- Leadership
- Social Entrepreneur

## TEACHING EXPERIENCE (7 YEARS 6 MONTHS)

**E.G.S PILLAY ENGINEERING COLLEGE, NAGAPATTINAM.**  
From 16-07-2012 To Till Date.

Working as a teaching faculty in Computer Applications Department.

## INDUSTRIAL EXPERIENCE (3 YEARS 5 MONTHS)

**SEA CONSORTIUM SHIPPING INDIA PVT LTD, CHENNAI.**

From 01-04-2011 to 10-07-2012

Worked as a Software Developer

**SPAZIO IMPEX PVT LTD, CHENNAI.**

From 02-01-2010 to 28-02-2011

Worked as a Software Developer

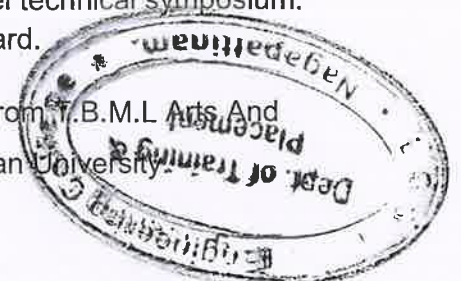

**REPUTE EXPRESS INDIA PVT LTD, CHENNAI.**

From 05-02-2009 to 10-12-2009

Worked As A Software Developer

## EDUCATION

- Pursing Ph.D (Part Time) in Anna University, Chennai.
- **M.C.A.** Passed Out In 2008 With 73% From Bharathiyar College Of Engineering And Technology, Thiruvettakudi, Karaikal, Pondicherry University.
  - Successfully organized national level technical symposium.
  - Received best out gone student award.
- **B.C.A** Passed Out In 2004 With 59% From T.B.M.L Arts And Science College, Porayar, Bharathidasan University

SS

**S.SELVAGANAPATHY** MCA, (Ph.D)

ASSISTANT PROFESSOR

EMAIL: sganapathy84@gmail.com

MOBILE: + 91 9487691901, 9710196914.

## VOLUNTEER EXPERIENCE OR LEADERSHIP

- Successfully Organized Two International and Three National Conferences.

## COMMUNICATION

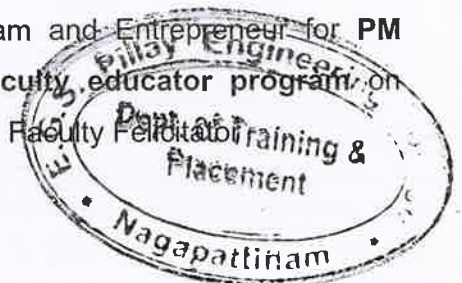

- Given one day guest lecture at Bharathiyar College of Engineering and Technology on the topic "R Programming" on 15-07-2017.

## ACHIEVEMENTS

- ✓ Received sponsor from TNSCST to conduct one week workshop on **VMware virtualization**.
- ✓ Produce more than 95% results in all university exams till now.
- ✓ Successfully counsel the students to become entrepreneur and guiding the innovative consultancy projects.

## CERTIFICATIONS & COURSES

- ✓ Two Weeks FDP on C Programming "**E-Box**", E-Box Academy, Coimbatore , 2014. Got Certificate for C Programming Trainer.
- ✓ Two Weeks FDP on "**VSphere**", VMware Bangalore, 2015. Got Certificate for VMWare VSphere Trainer.
- ✓ One Week National Workshop on Data Analytics with "**R Programming**", Annamalai University, Chidhambaram, 2016.
- ✓ Two Week FDP on **Entrepreneurship Development** Sponsored by NSTEDB
- ✓ One Week Skill development program and Entrepreneur for **PM Yuva Yojana Entrepreneurship Faculty educator program** on 2017. Got Certificate PM Yuva Yojana Faculty Facilitator

## **Summary of the Event - Company specific Training – 8K Miles**

This training was conducted for all the final year eligible students who are appearing for the placement drive. Total of 15 students of various departments were trained in this program by Training & Placement department from 07.01.2021.

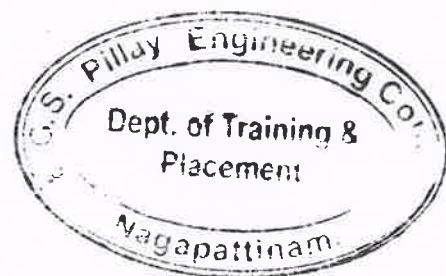

The main objective of the training is to enhance students Technical skills and Analytical reasoning. To crack the interview, the students need to perform well during the selection process adopted by the company he/she aspire to join.

The training has been conducted for one week for all the eligible department students with 5 hours per day. This training also helped the students to understand the interview process and also elaborated the deep insights of mistakes which candidates make while attending interviews and explained about overcoming those mistakes. These methods include

- Aptitude & Logical reasoning
- Technical Skills
- Corporate Etiquettes
- Mock interview

It is very important for all the students to stay positive and confident during the interview. After the successful completion of this training, the students are able to

- Enhanced their confident level.
- Learned the various aspects of interview process and questions
- How to make a very good impression on the interviewer
- Deep understanding of technical coding.

# RAJAGOPAL

General Manager Hifetch Telecom

## Summary

I began my career as a trainee at Hifetch Telecom and have held multiple leadership roles across markets, including as Head of across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the Hifetch Telecom, who is now Senior Manager Hifetch Telecom.

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

Outside of Senior Manager Hifetch Telecom, I lend my time and expertise to different business and industry bodies.

## Roles and Responsibilities:

- Providing guidance to direct reports, typically comprising first-line managers and supervisors
- Ensuring clarity around priorities and goals for the entire functional area
- Approving requests for investment to a certain level of authority
- Managing overall financial budgeting for her function
- Approving hiring and firing requests within her group
- Guiding the talent identification and development processes for a group or function
- Working across functions with peers in other groups to ensure collaboration for shared goals
- Interacting with senior management for reporting
- Working with senior management and other peers for strategy development and execution planning
- Communicating financial and goal results and key performance indicators to direct reports
- Facilitating goal-level creation for the broader function and working with managers to ensure the goals cascade to all workers

## Event Report for Webinar on Tele Communication

### Introduction

On 17.05.2021, an Online Workshop was held on the topic of " Tele Communication ". The webinar was organized by the **Mr. Rajagopal, General Manager, Hifetch Telecom**. The purpose of the webinar was to discuss the challenges and solutions related to **Tele Communication**.

### Objectives

The objectives of the webinar were to:

1. Discuss the challenges faced by the power sector in On Tele Communication.
2. Identify the latest technologies and techniques for Tele Communication.
3. Share case studies and success stories related to Tele Communication.
4. Provide a platform for experts and professionals to exchange ideas and knowledge on Tele Communication.

### Outcome

The webinar was kicked off by the moderator who welcomed the participants and introduced the topic. The speaker was a power sector expert who shared his experience of dealing with Tele Communication. He highlighted the various methods used by Tele Communication and the challenges faced by the power sector in detecting them. He also discussed the economic impact of Tele Communication and the consumers. The webinar concluded with a Q&A session where the participants asked questions and shared their views on Tele Communication.

### Conclusion

The webinar was successful in achieving its objectives. The participants gained valuable insights into the challenges and solutions related to Tele Communication. They also got an opportunity to exchange ideas and knowledge with experts and professionals from the power sector. The webinar provided a platform for collaboration and networking among the participants. The feedback from the participants was overwhelmingly positive, and many expressed their interest in attending similar webinars in the future.
