# NANDHITHA

Senior Manager INSTAQ Soft Solutions

## Summary

I began my career as a trainee at INSTAQ Soft Solutions and have held multiple leadership roles across markets, including as Head of across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the INSTAQ Soft Solutions, who is now Senior Manager INSTAQ Soft Solutions

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

Outside of Senior Manager INSTAQ Soft Solutions, I lend my time and expertise to different business and industry bodies.

## Roles and Responsibilities:

- Providing guidance to direct reports, typically comprising first-line managers and supervisors
- Ensuring clarity around priorities and goals for the entire functional area
- Approving requests for investment to a certain level of authority
- Managing overall financial budgeting for her function
- Approving hiring and firing requests within her group
- Guiding the talent identification and development processes for a group or function
- Working across functions with peers in other groups to ensure collaboration for shared goals
- Interacting with senior management for reporting
- Working with senior management and other peers for strategy development and execution planning
- Communicating financial and goal results and key performance indicators to direct reports
- Facilitating goal-level creation for the broader function and working with managers to ensure the goals cascade to all workers

## Summary OF THE Event - Webinar on Customer Support in Technical Field

### Introduction

On 21.10.2021, an Online Workshop was held on the topic of " **Customer Support In Technical Field** ". The webinar was organized by the **Ms.NANDHITHA, Manager, INSTAQ Soft Solutions**. The purpose of the webinar was to discuss the challenges and solutions related to **Customer Support**.

### Objectives

The objectives of the webinar were to:

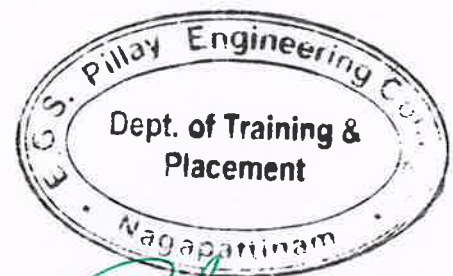

1. Discuss the challenges faced by the power sector in On Customer Support
2. Identify the latest technologies and techniques for Customer Support.
3. Share case studies and success stories related to Customer Support.
4. Provide a platform for experts and professionals to exchange ideas and knowledge on Customer Support.

### Outcome

The webinar was kicked off by the moderator who welcomed the participants and introduced the topic. The speaker was a power sector expert who shared his experience of dealing with Customer Support. He highlighted the various methods used by Customer Support and the challenges faced by the power sector in detecting them. He also discussed the economic impact of Customer Support. The webinar concluded with a Q&A session where the participants asked questions and shared their views on Customer Support.

### Conclusion

The webinar was successful in achieving its objectives. The participants gained valuable insights into the challenges and solutions related to Customer Support. They also got an opportunity to exchange ideas and knowledge with experts and professionals from the power sector. The webinar provided a platform for collaboration and networking among the participants. The feedback from the participants was overwhelmingly positive, and many expressed their interest in attending similar webinars in the future.

## Event Report for Webinar on IT Infrastructure and Operations

### Introduction

On **21.12.2021**, an Online Workshop was held on the topic of " **IT Infrastructure and Operations** ". The webinar was organized by the **Ms. Aarathana, Manager, Mirchi Computer Solutions** The purpose of the webinar was to discuss the challenges and solutions related to **IT Infrastructure**.

### Objectives

The objectives of the webinar were to:

1. Discuss the challenges faced by the power sector in On IT Infrastructure.
2. Identify the latest technologies and techniques for IT Infrastructure.
3. Share case studies and success stories related to IT Infrastructure.
4. Provide a platform for experts and professionals to exchange ideas and knowledge on IT Infrastructure.

### Outcome

The webinar was kicked off by the moderator who welcomed the participants and introduced the topic. The speaker was a power sector expert who shared his experience of dealing with IT Infrastructure. He highlighted the various methods used by IT Infrastructure and the challenges faced by the power sector in detecting them. He also discussed the economic impact of IT Infrastructure and the consumers.

The webinar concluded with a Q&A session where the participants asked questions and shared their views on IT Infrastructure.

### Conclusion

The webinar was successful in achieving its objectives. The participants gained valuable insights into the challenges and solutions related to IT Infrastructure. They also got an opportunity to exchange ideas and knowledge with experts and professionals from the power sector. The webinar provided a platform for collaboration and networking among the participants. The feedback from the participants was overwhelmingly positive, and many expressed their interest in attending similar webinars in the future.

Webinar

**Evolving Career Opportunities in IT/ITES  
&  
Future Skills for Young Engineers**

21 April, 2022  
3:00 - 4:15 PM

Technology is dramatically changing the job market, rapidly replacing many jobs that are currently existing and creating new ones. These changes are accelerated by a series of economic, social and technological growth and triggered by the global pandemic. The IT/ITES sector is playing an important role in the growth of India by generating huge job opportunities for fresh talent coming out of colleges. The Indian IT/ITES sector crossed \$200 billion in total revenue and five million in total workforce in 2022.

Like the other industries, the growth of IT/ITES is also challenged by the existing skill gap between the industry and academia. Faced with a very high attrition rate, it has been taking various measures including upskilling and reskilling of its existing employees. In this context, this webinar for college students and educators will focus on the following:

- The future of work - emerging mega trends in IT/ITES
- The future skills - new skills for future talent
- Evolving career opportunities in IT/ITES
- Leveraging technology to enhance learning
- Developing deployment ready professionals
- Preparing the next gen while they are at campus

**Summary of the Event - Webinar by L&T EDUTECH  
Evolving Career Opportunities in IT/ITES & Future Skills for Young  
Engineers**

**Webinar by L&T EDUTECH -Evolving Career Opportunities in IT/ITES & Future Skills for Young Engineers** was organized for the final year students of CSE, IT, ECE, MCA by the Training & Placement Department jointly with Technical Experts of **L&T EDUTECH**. The session was based on Android development and it was held on 21<sup>st</sup> April 2022.

The session commenced with a brief introduction to Future Skills for Young Engineers and discussed the question "What is Future Skills" to assess the knowledge of the students and to break the ice. The speaker spoke about how to become a perfect Future Skills for Young Engineers in IT field. It also covered JAVA the programming language that underpins all android development, mastering the basics of XML, android SDK, Android studio etc. He also shared his screen to show LIVE how an application is developed on an android. This provided students an opportunity to provide input to and exchange ideas and give individual feedback on issues of importance to this topic.

The event ended with a feedback session and the students showed interest in Future Skills. The speaker also made the students aware of Future Skills through hands on training to prepare fresh graduates to seize career opportunities.

## Summary

As President of Tata Consultancy Services (TCS) Asia Pacific, I oversee a USD 2.5 Bn business in a diverse and dynamic region covering 12 countries and over 50,000 employees. I am responsible for the growth, strategy and business results in the region, with a dual focus on driving digital transformation and accelerating growth for TCS' customers, and being a trusted partner for businesses, governments and society at large.

I began my career as a trainee at TCS and have held multiple leadership roles across markets, including as Head of Europe and Head of Middle East and Africa; across technology, as Head of Business Intelligence and across corporate, as Head of Staff for the CEO, who is now Chairman of the Tata Group.

I believe in harnessing the power of technology and innovation to catalyze change and drive sustainable business outcomes. I am a proponent of leading with purpose and giving back to the community, and have leveraged technology to solve some of the most complex societal challenges, over the course of my career.

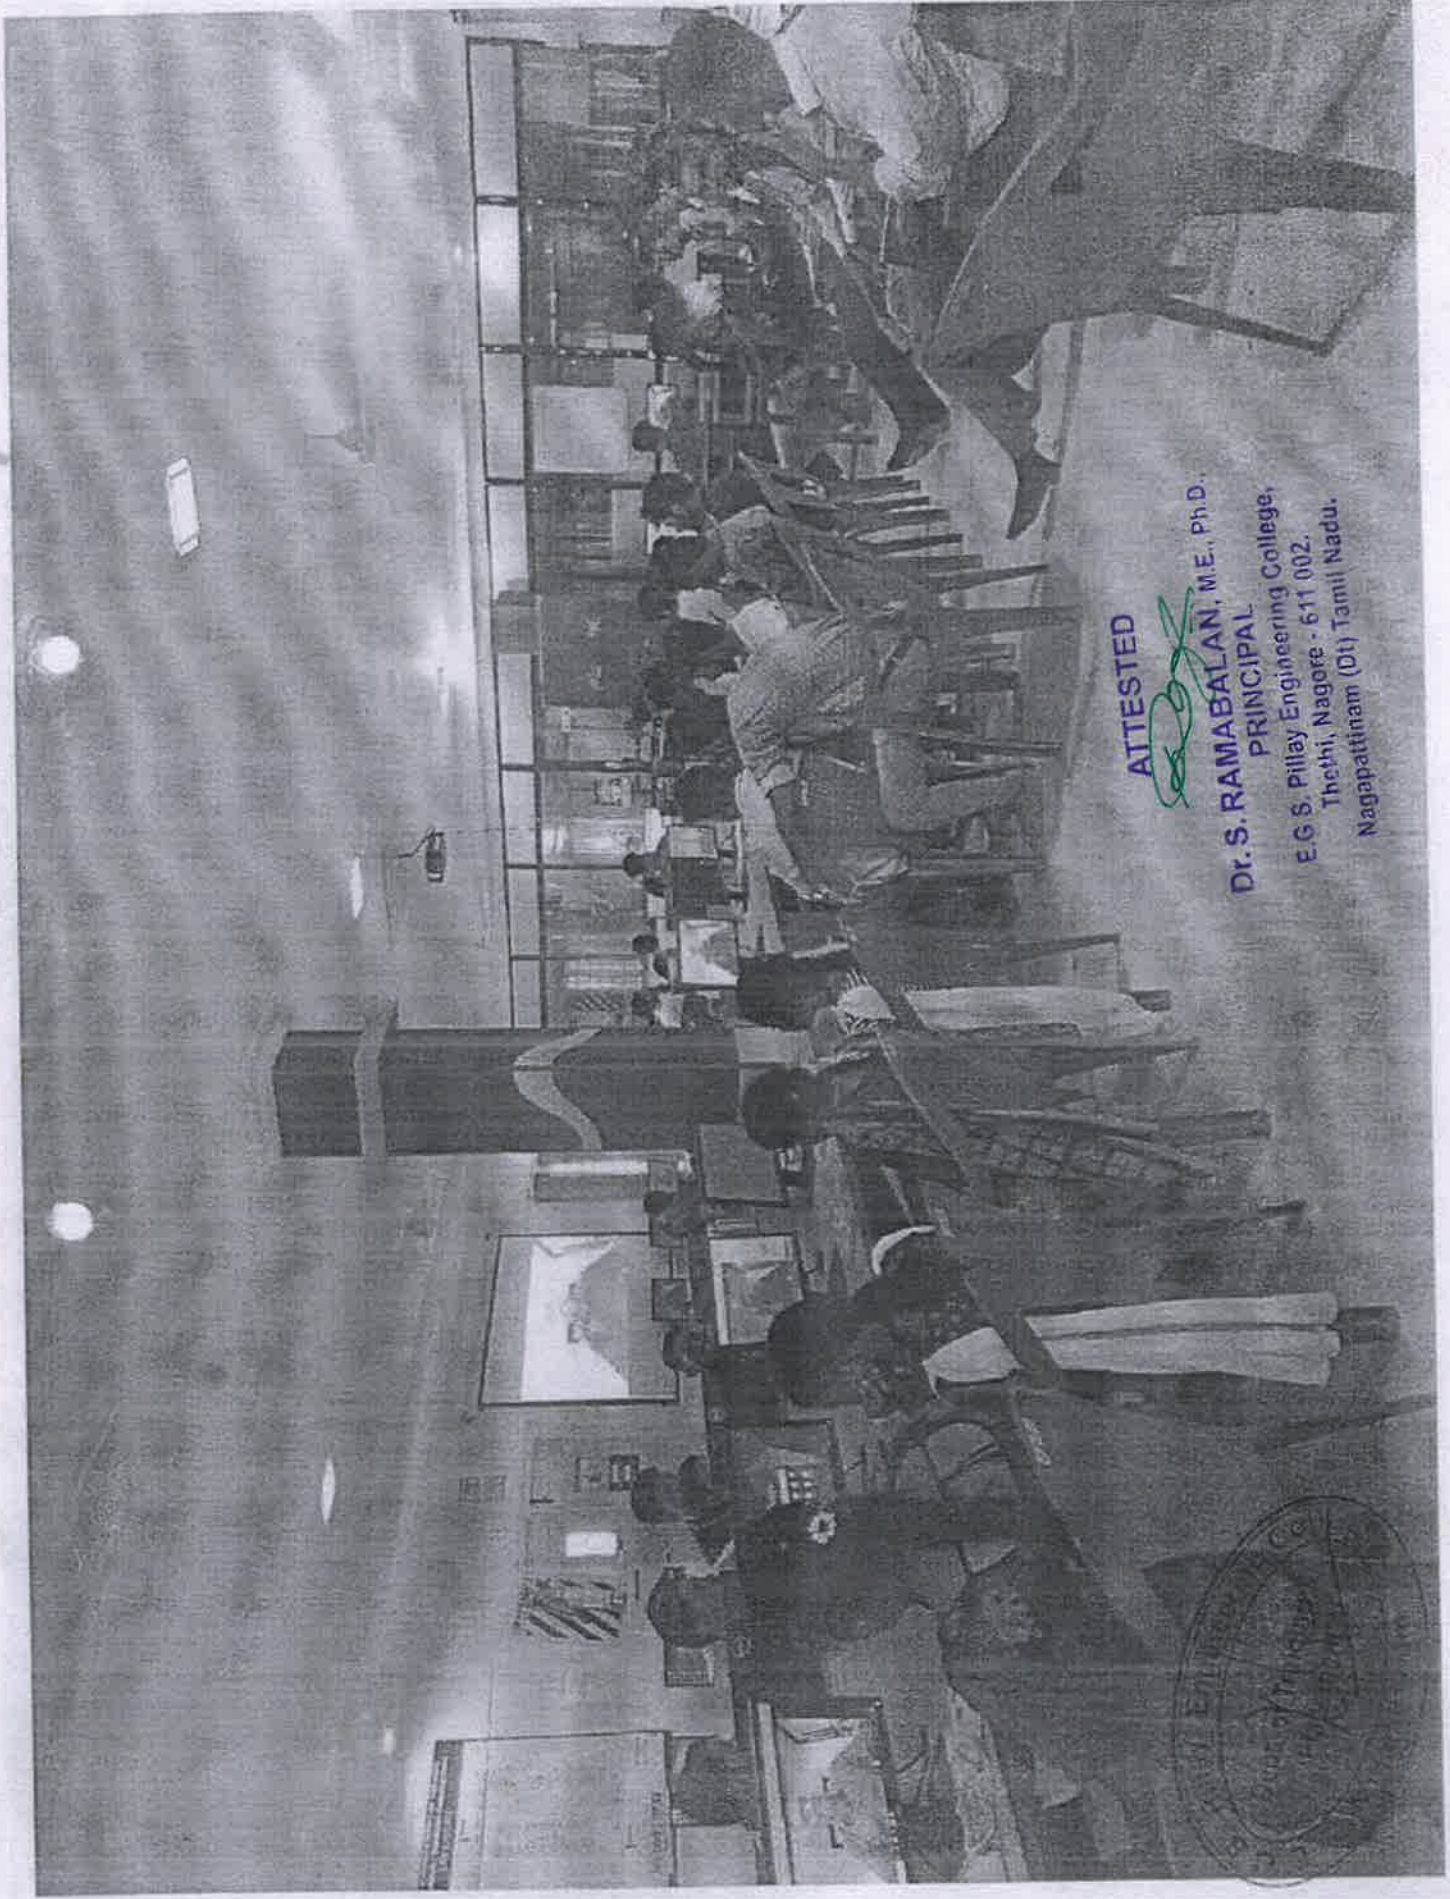

Outside of TCS, I lend my time and expertise to different business and industry bodies. I serve on the Supervisory board of Global Reporting Initiative (GRI), the pioneer in sustainability reporting standards, where he chairs its Audit, Risk and Compensation committee, and sit on the international advisory boards of Nyenrode University in the Netherlands, and the Health Innovation Exchange (HIEx), a Geneva-based UN organization dedicated to creating innovative solutions for health-related challenges.

I am also Chair of Confederation of Indian Industry (CII) ASEAN and Oceania chapters, as well as a member of CII International Council. I was appointed Business Champion for India-Australia relations by the Australian Government and was recognized with the "Leading CEO" award by the Singapore Human Resource Institute (SHRI) in
