

E.G.S. PILLAY ENGINEERING COLLEGE
(An Autonomous Institution, Affiliated to Anna University, Chennai)
Nagore Post, Nagapattinam – 611 002, Tamilnadu.

Minutes of Board of Studies(BoS) Meeting

Name of the Department	Civil Engineering
Name of the Programmes	B.E. Civil Engineering M.E. Environmental Engineering
Meeting No.	01
Date & Time	07.07.2017 & 10.00 A.M.
Venue	CIVIL A/C Seminar Hall

1. Chairman / BoS welcomed all members for the 1st meeting of Board of Studies.
2. Chairman / BoS introduced the members.
3. Chairman / BoS briefed the members about the Agenda.
 - To finalize the curriculum and syllabi of first and second semester B.E CIVIL Programmes and 1st to 4th Semesters M.E. ENVIRONMENTAL ENGINEERING Programmes.
 - To finalize the curriculum of 3rd – 8th Semester B.E CIVIL.
 - To discuss the question paper pattern for UG/PG Programme and Evaluation methodologies.
 - Any other matters.
4. The following are the suggestions given by the member of Board of Studies.

* Industry member → Discussed about the Green chemistry.

* Arutchelvan sir said that anything related to environment. It's green chemistry.

* He also asked to change the home culture. university. nominee C. Sridhar,) said its overall about the Applied chemistry.

Chairman (BoS)

University Nominee

PRINCIPAL
E.G.S. Pillay Engineering College,
Thethi, Nagore - 611 002,
Nagapattinam (Dt) Tamil Nadu.

(Sridhar. CII) ...

2) → Technical English (discussed about)

Those who excel in tech. English

Business English (2nd level) → French, German

They can get extra credit.

3) TOEFL → Arutchelvan sir said to include the topic related to toefl exam. Those who are poor, to give extra coaching.

4.) Fundamentals of Mechanics:

They feel basic mechanics is too much for civil students. CIE's related to mech). said Pandurangan. (PEC).

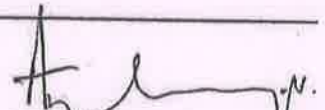

Arutchelvan sir compared the syllabus with their university syllabus.

5) Physics subject has only 3 lecture hours, He feels, It's not sufficient.

6) ^{C. Raghavaram} Industry member: He said, every candidate are very weak in drawing. so he asked to include more importance. for drawing. Sridhar sir said that no students

Senior Faculty

7) He said that pc, mobile are useless now a days. They should communicate with their drawings only. so they we must give proper attention to engg. drawing.

And also he asked about the purpose of C programming.

How it is linked to civil engineering.

He asked about the connectivity between 'C' & civil engineering.

8) Anutchelvan sir they he related the 'C' program to Immigration design.

Isbke computer application Lab
C programming
Auto cad.

9) IIM → They should know about the smart city electronics.

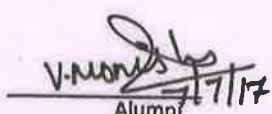

No civil engineers are known about smart city. He asked to include that.

10) Ragunathan:
For the Job opp. they have to learn additional lang
civil → urdu, Arabi.
French, German → Mech.

Senior Faculty

He appreciates the electronics and communication system. (I.M).

(A.S) communication english-II changes to communication lab. like skill developing.

He discussed about material science Environmental science. syllabus should follow as per the U.G.C norms.

Finally. they have given the strong point.

Engineering drawing must. Every drafty should be in practical.

1st Graphics
2nd.
3rd. Eng. drafty

MOS, MOP, (Name change).

Engg. surveying → Surveying.

Rock. Mech → geology. (3rd sem).

Geo. tech - I - soil mech

Geo tech - II → Foundation Engg.

Environmental engg, professional ethics are compulsory.

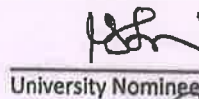

Ethics (4th sem). Include.

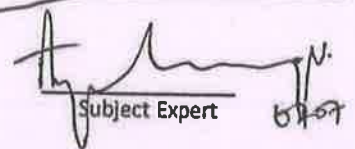

3rd sem Eng. drawing.

Manual → autocad

In. 3rd sem → Tech. seminar is not required.
4th sem (I.M, Rapurem)

→ They have pointed as syllabus have more theory. they asked to include more practical way.

3rd sem → construction material.
construction management.

MOS, MOF, Engg. Geology, Survey - I, 2 - Practical.

4th sem → hydraulics - II → hydraulics Machinery.

Geo tech 3rd sem to 5th sem

* Specify the name for mini project. (Ragunam)

I.M → He appreciates elective - II grouping. for the Elective - I.

* He explained. Job section, like CM, quality, Infrastructure. so the elective topics should include in core.

* Instead we can include Engg. economic. (Sridhar)

I.M → He asked to include logistics. as elective

Members are discussed about Elective choosen system, open electives, compulsory elective.

* We can include, CCTV, civil engineering oriented, Sensors, IASASSC. (Smart city electronics)

Nagapattinam (Dt) Tamil Nadu.

* discussed about the prefabricated structures.

7th - prefabricated.

8th - logistics.

* For all the sem: 6 subjects.
2 practical.

* For the environment Engg. (M.E).

He asked about the opportunity
scope, demand

* Ist -> EN1704 - Principles and design of

Raguram sir asked about the eligibility to join
M.E Environ.

(A.S) -> ~~said to remove the business analysis.~~
Instead add some useful subject.

~~EN1702 - Principle & biological treatment systems.~~

Board members suggested to.
* Remove ~~research~~ methodology. Core as a credit
ker subject)

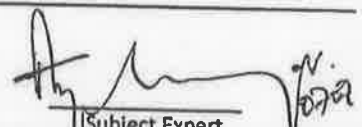

Instead use some core subject @) ~~ecology~~

* Research Methodology use as a elective subject.
for Ph.D purpose.

Environmental legislation include as a elective
statistics -> subject should teach by a Environ faculty

Department of Civil Engineering

Date: 12.07.2017

Action Taken for BOS Meeting -I (07.07.2017)

The Following resolutions were passed

- It is resolved to recommend the curriculum and syllabi of first and second semester of B.E. Civil Engineering and **M.E. Environmental Engineering** to the Academic Council for approval and the syllabus was approved as presented in Academic council.
- It is resolved to recommend the syllabus for first & second semester and curriculum of 3rd – 8th Semester B.E. Civil Engineering and 1st to 4th Semesters M.E. Environmental Engineering to the academic Council for approval and the syllabus was approved as presented in Academic council. English I and basic English may be merged as one course - Technical English

As per the suggestion given from industrial experts Job opportunities and higher education related skill courses are included

Syllabus for Applied Physics, Green chemistry and Fundamentals of Mechanical Engineering subjects have been modified as per experts suggestions.

- It is resolved to recommend the question paper pattern UG/PG Programmes and evaluation methodology for approval and the question paper pattern UG/PG programmes was approved with changes in Part A – $10 \times 2 = 20$, Part B – $5 \times 12 = 60$ & Part C – $1 \times 20 = 20$ in Academic council.

Minutes of Board of Studies (BoS) Meeting

Name of the Department	Civil Engineering.
Names of the Programmes	B.E. Civil Engineering. M.E. Environmental Engineering.
Meeting No	02
Date & Time	21.04.2018 & 09.30 A.M.
Venue	CIVIL A/c Seminar Hall

The names of members present in the Board of Studies is given in Annexure – I

1. Chairman / BoS welcomed all members for the 2nd meeting of Board of Studies.
2. Chairman / BoS briefed the members about the Agenda.

- Discussion and action taken about previous BoS Meeting.

- To finalize the syllabi of B.E CIVIL Programme from third to eighth semester and M.E Environmental Engineering Programme from third to fourth semester.

- Any other matters.

3. The following are the suggestions given by the member of Board of Studies.

- The Board of Studies members have gone through the curriculum and syllabi of 3rd – 8th semester B.E CIVIL and 3rd to 4th semester M.E Environmental Engineering Programmes.

Under Graduate B.E Civil Engineering

Third Semester:

Mr.J.Raguraman/Industrial Expert suggested including the resource planning with building materials course would raise the industrial basis knowledge.

Dr.K.Pandurangan/External expert suggested to reduce the chain surveying theory part in surveying -I course as well suggest to include the topics about GIS/GPS.

Dr.R.Sathyanarayan Sridhar/ University Nominee explained about the importance of stress/strain measures in field, so as to include the stress/strain experiment in Strength of materials Lab

TESTED
Dr. S. RAMABALAN, M.E. Ph.D.,
PRINCIPAL
E.G.S. Pillay Engineering College,
Thethi, Nagore - 611 002
Nagapattinam (Dt) Tamil Nadu

E.G.S. PILLAY ENGINEERING COLLEGE

(An Autonomous Institution, Affiliated to Anna University, Chennai)
Nagore Post, Nagapattinam – 611 002, Tamilnadu.

Fourth Semester:

Mr.J.Raguraman/Industrial Expert explained the scope of surveyor in industry so he recommended the two point /three point problems in Surveying Lab.

Dr.R.Sathyanarayan Sridhar/ University Nominee suggest, including the thin cylinder, Torsion & spring content in Mechanics of solids II. -

Dr.K.Pandurangan/External Expert discussed about Numerical methods course, he says that course content should relate to the civil application problems.

Fifth Semester:

Mr.J.Raguraman/Industrial Expert explained about the importance of manual drawing and suggests changing syllabus by 30 % as manual and 70 % using software.

Dr.K.Pandurangan/External Expert explained about the importance of Report writing for technical seminars, survey camp and project works.

Dr.R.Sathyanarayan Sridhar/ University Nominee suggest that concrete structures I should be renamed as Design of Reinforced Concrete Elements and the brick masonry design should be included in it.

Sixth Semester

Dr.K.Pandurangan/External Expert suggests that concrete structures II should be renamed as Advanced Reinforced Concrete Elements and the deep beam, grid floors, bunkers, silos should be included in the syllabus.

✓ Mr.J.Raguraman/Industrial Expert suggests to add Subramaniam, Dayaratnam and Duggal author books in references for steel structures and also include the steel water tank design. Also he suggests including the design in water supply engineering.

All experts suggests that the suitable IS code books should be given in the reference for respective subjects.

Seventh Semester:

Mr.J.Raguraman/Industrial Expert suggests that the topics estimate of special structures, specifications and standards should be included.

All experts suggest increasing the domains in mini project III and remove the additional experiments in computer aided design and drafting lab and also rename it as computer aided structural design and drafting.

ATTESTED

E.G.S. PILLAY ENGINEERING COLLEGE
(An Autonomous Institution, Affiliated to Anna University, Chennai)
Nagore Post, Nagapattinam – 611 002, Tamilnadu.

Eighth Semester:

All experts suggested to add total quality & ISO and Environmental, Health & Safety courses as Electives.

Post Graduate:

M.E:- Environmental Engineering

The BoS members suggest to rename the Unit process and Operations laboratory and also to check the continuity of syllabus of the courses.

4. The following resolutions were passed

- It is resolved to recommend the curriculum and syllabi of third to eighth semester of B.E CIVIL and third to fourth semester of M.E Environmental Engineering Programmes to the Academic Council for approval.

The Chairman, Board of Studies thanked all the members for their valuable suggestions and coordination.

Minutes of Board of Studies(BoS) Meeting

Name of the Department	Civil Engineering
Name of the Programmes	B.E Civil Engineering M.E Environmental engineering
Meeting No.	03
Date & Time	20.05.2019 & 09.30AM
Venue	Civil A/C Seminar Hall

- Chairman / BoS welcomed all members for the 3rd meeting of Board of Studies.
- Chairman / BoS introduced the members.
- Chairman / BoS briefed the members about the Agenda.

- Minutes of last meeting reviewed
- To finalize First to Eighth semester curriculum and syllabi for B.E – Civil Programme
- To finalize the open electives and one credit courses
- Any other matters.

- The following are the suggestions given by the member of Board of Studies.

- Resolved not to combine the following the core subjects as one paper, instead to give it as two papers.
 - Survey – I & II
 - Structural analysis – I & II
 - Design of RCC structures - I & II

- Resolved that the students can select the subjects from open elective subjects listed or from MOOC & SWAYAM.

- Resolved to add in the subject Natural Disaster and Mitigation Management in open elective.
- Resolved that the Ground water engineering and Hydrology to move as professional core and biology for engineers & Material science and Metallurgy as Professional elective.
- Suggested to provide more importance to the training oriented courses.
- Environmental engineering course should be renamed as Water & Waste water engineering.
- ^{Mini} Project (fabrication) should be removed from the curriculum.

Department of Civil Engineering

Date: 30.05.2019

Action Taken for BOS Meeting -3 (20.05.2019)

The Following resolutions were passed

- It is resolved to recommend the curriculum and syllabi for first to eight semesters of B.E. Civil Engineering of new regulations and M.E. Environmental Engineering to the Academic Council for approval and the syllabus was approved as presented in Academic council.
- It is resolved to recommend the syllabus for first to eight semester B.E. Civil Engineering of new regulation and 1st to 4th Semesters M.E. Environmental Engineering to the academic Council for approval and the syllabus was approved as presented in Academic council.

As per the suggestion from experts include resource planning with building material course.
Some small corrections have been made in the following courses.

Surveying I and II

Mechanics of solids II

Concrete structures I and II

Environmental Engineering

Mini Project

Ground water Engineering and Hydrology as core course.

Experts suggested to provide more importance to the training-oriented courses.

List of New courses syllabus revised (as per 2019 R)

Course Code	Course Name	Change Details
1901HS151	Communication skill	Revised
1901ENX01	English for Engineers	Revised
1902CE302	Fluid Mechanics and Machines	Revised
1902CE304	Engineering Surveying	Revised

Minutes of Board of Studies (BoS) Meeting

Name of the Department	Civil Engineering
Name of the Programmes	B.E Civil Engineering
Meeting No.	04
Date & Time	19.06.2020 & 11.00 A.M.
Venue	Online Mode - Google Meets Room

1. Chairman / BoS welcomed all members for the 4th meeting of Board of Studies.
2. Chairman / BoS introduced the members.
3. Chairman / BoS review the contents of 3rd BOS meeting.
4. Chairman / BoS briefed the members about the Agenda.

- To finalize the curriculum and syllabi of 3rd & 4th Semester in B.E - Civil Engineering and 1st & 2nd Semester in M. E – Environmental Engineering.
- Other matters.

5. The following are the suggestions given by the members of Board of Studies in curriculum.

- Group of electives should be maintained in **specific domains and dispersed with equal weights.**
- Water supply Engineering and waste water engineering may be provided as **two core subjects.**
- Based on the **course outcomes** divisions of units/modules to be provided.
- Give priority for providing the course coordinator for the course **Biology for Engineers.**

B.E Civil Engineering

III - Semester:

1. Engineering Survey— Course title as **Engineering surveying**.
First two units may be merged as one unit and introduced a new unit with **theodolite surveying**.
2. Fluid mechanics and machines --- Course title as **Fluid mechanics and machineries**.
3. Fluid mechanics and machines lab --- Course title as **Hydraulics and hydraulics machineries lab**.
4. It is good the subject "Biology for Engineers" in the curriculum.

IV - Semester:

1. Building materials and management---As per the content framed the course title as **Building materials and construction**.
2. Soil mechanics---In the first unit instead of introduction, module title as **soil and its characterization**.
3. Transportation engineering---One additional module should be included as **Railways and airport** without reducing any other content.
4. Engineering mathematics---The specified title should be as Engineering mathematics III.

Date: 25.06.2020

Action Taken for BOS Meeting -4 (19.06.2020)

The Following resolutions were passed

- It is resolved to recommend the syllabus for first to eight semester B.E. Civil Engineering of new regulation and 1st to 4th Semesters **M.E. Environmental Engineering** to the academic Council for approval and the syllabus was approved as presented in Academic council.

As per the suggestion from experts include resource planning with building material course.
Some small corrections and suggestions have been made in the following courses.

Specific domains for elective courses
Water supply Engineering
Based on the COs modules to be provided.
More priority for Biology for Engineers
Engineering Surveying
Fluid Mechanics and Machineries
Soil mechanics
Building materials and Constructions

Experts suggested to provide more importance to the training-oriented courses.

List of New courses syllabus revised (as per 2019 R – 2019-20)

Course Code	Course Name	Change Details
1901HS151	Communication skill	Revised
1901ENX01	English for Engineers	Revised
1902CE302	Fluid Mechanics and Machines	Revised
1902CE304	Engineering Surveying	Revised
1902CE351	Surveying Lab	Revised
1902CE401	Building Materials and Management	Revised
1904GE551	Life Skill III - Aptitude – I	Revised
1904GE651	Life Skill: Aptitude – II & GD	Revised
17EV108	Communication Skills Lab I	Revised
17EV207	Communication Skills Lab II	Revised

Minutes of Board of Studies(BoS) Meeting

Name of the Department	Civil Engineering
Name of the Programmes	B.E Civil Engineering
Meeting No.	05
Date & Time	9.03.2021& 12.00 Noon
Venue	Online Mode - Google Meets Room

1. Chairman / BoS welcomed all members for the 5th meeting of Board of Studies.
2. Chairman / BoS introduced the members.
3. Chairman / BoS review the contents of 4th BOS meeting.
4. Chairman / BoS briefed the members about the Agenda.

- To finalize the curriculum and syllabi of 5,6,7 and 8th Semester including laboratory equipment's and industry related courses in B.E - Civil Engineering
- Other matters.

5. The following are the suggestions given by the members of Board of Studies in curriculum and syllabus:

- Group of electives should be maintained in **specific domains and dispersed with equal weights.**
- It is seems to be number of courses in third semester are more when compared with other semesters. It may be dispersed conveniently.
- Water supply Engineering and waste water engineering may be provided as **two core subjects**, or otherwise the basics of both subjects eliminated and included all other important with design aspects.
- It is suggested and advisable for **providing more weightage for laboratory courses than theory.**

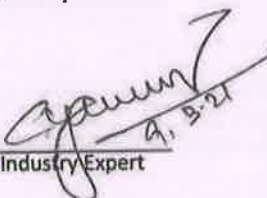

ATTESTED

Senior Faculty

- Total credits may be increased such that **no important courses should be avoided.**
- It is better the name of elective courses should not be enter in the curriculum hence **cannot choose themselves by students.**
- The objectives of all courses should be clearly mentioned.

• Suggested to separate Fluid mechanics and applied Hydraulics into two separated courses, or otherwise open channel flow, fluid mechanics and machineries should be included.

- It should be considered at least one unit as an application oriented module so that it may be very much useful for placement for the students.
- Give uniformity for all courses for providing course objectives as course outcomes.
- By merging Surveying as a single course, **few of the topics have been omitted.** Surveying as an important course for civil Engineering programme. It is preferred all topics are to be included.
- All the experiments of each laboratory courses should be uniformly framed.
- Minimum 2 to 3 text books for reference should be included in all courses.
- Minimum 4 to 5 reference books should be included in all courses.

• It is observed that the course "Essence of Indian traditional knowledge" is not taken by a single course coordinator even it is a mandatory and have no credit. It is preferable and suggested that the students may collect all the details regarding that course and submitted as a record.

- The course titles "Design of RC structures I&II" may be changed as Design of RC elements and Advanced concrete structures for impressive and easy to understand.

- The content of the open elective course "Global Warming and Climate Change" should be verified and corrected in all units.

- It is suggested that the course "Repair and Rehabilitation of structures" is to be included as a core course instead of elective course. And discussed that core courses may be added such that professional ethics may be considered as a Humanities management courses.

- **Notches and weirs experiment** may be included in the fluid mechanics and machineries lab.

- **Application and usage of software** may be included in quantity surveying and estimation course.

- **Architecture and town planning** is very much important for civil engineering students hence it may include as a mandatory core course.

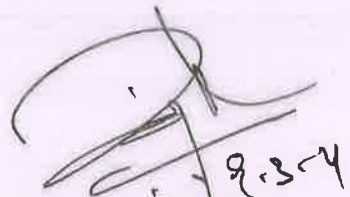

- For design courses the name of **IS codes** should be provided as reference.

- All the courses should be verified with credit distribution, Module uniformity, objectives and course outcomes.

Date: 16.03.2021

Action Taken for BOS Meeting -5 (09.03.2021)

The Following resolutions were passed

- It is resolved to recommend the syllabus for first to eight semester B.E. Civil Engineering of new regulation and 1st to 4th Semesters M.E. Environmental Engineering to the academic Council for approval and the syllabus was approved as presented in Academic council.

As per the suggestion from experts include resource planning with building material course.
General discussion and suggestions have been made as per the following.

- Specific domains for elective courses
- Provide more weightage for laboratories
- No important courses should not be avoided
- Fluid mechanics and applied hydraulics to be separated into 2 courses
- Provide text books for reference

Experts suggested to provide more importance to the training-oriented courses.

List of New courses syllabus revised (as per 2019 R – 2019-20)

Course Code	Course Name	Change Details
1901HS151	Communication skill	Revised
1901ENX01	English for Engineers	Revised
1902CE302	Fluid Mechanics and Machines	Revised
1902CE304	Engineering Surveying	Revised
1902CE351	Surveying Lab	Revised
1902CE401	Building Materials and Management	Revised
1904GE551	Life Skill III - Aptitude – I	Revised
1904GE651	Life Skill: Aptitude – II & GD	Revised
17EV108	Communication Skills Lab I	Revised
17EV207	Communication Skills Lab II	Revised

List of New courses Introduced (as per 2019 R – 2019-20)

Course Code	Course Name	Change Details
1901PH101	Introduction to mechanics	New Course
1901GEX02	Engineering Graphics	New Course
1901GEX53	Basic Electrical & Electronics Engineering Lab	New Course
1901GE151	Engineering Intelligence I	New Course

Date: 20.07.2021

Action Taken for BOS Meeting -6 (12.07.2021)

The Following resolutions were passed

- It is resolved to recommend the syllabus for 1st to 4th Semesters **M.E. Environmental Engineering** as per new regulations to the Academic Council for approval and the syllabus was approved as presented in Academic council.

As per the suggestion from experts the following points was finalised and implemented in ME ENVIRONMENTAL ENGINEERING as per the new regulation.

Environmental microbiology and Environmental Chemistry courses have been strengthened.

Soil chemistry and atmospheric chemistry contents was removed.

Minor corrections have been made in Principles and Design of Physico-Chemical Treatment Systems, Principles and Design of Biological Treatment Systems, Transport of Water and Waste Water.

WTP and STP designs should be strengthened for employment purpose.

Hazardous Acts, Noise pollution Acts are included.

List of New courses syllabus revised
(as per 2019 R – 2019-20 for UG and R2021-2021-22 for PG)

Course Code	Course Name	Change Details

Minutes of Board of Studies (BoS) Meeting

Name of the Department	Civil Engineering
Name of the Programmes	M.E. Environmental Engineering
Meeting No.	06
Date & Time	12.07.2021 & 12.15p.m.
Venue	Online Mode - Google Meet

1. Chairman / BoS welcomed all members for the 6th meeting of Board of Studies.
2. Chairman / BoS introduced the members.
3. Chairman / BoS review the contents of 5th BOS meeting.
4. Chairman / BoS briefed the members about the Agenda.

- To finalize the curriculum and syllabi of 1, 2, 3 and 4th Semester including laboratory equipment's and industry related courses in M.E. Environmental Engineering
- Other matters.

5. The following are the suggestions given by the members of Board of Studies in curriculum and syllabus:

- Suggested that Environmental Microbiology and Environmental chemistry courses should be verified and strengthened and may be merged as one course so as to include one core course additionally.

- The contents of soil chemistry and atmospheric chemistry may be removed.
- Climate change and modeling should be included in Professional core courses.
- Remove Transportation of water and wastewater from elective course and merge its content with Principles and Design of Physico-chemical treatment system & biological treatment system courses.

- WTP and STP designs should be strengthened for employment purpose.

- Remote Sensing and GIS Applications in Environmental Management should be included in Elective course.

- Suggested that include introduction of software related topics in Statistics for Environmental Engineering.

- Resource and Energy Recovery from Waste course may also be offered as open elective.

- It is suggested that instead of Units, Modules are used in all syllabus.

- The portions like hazardous Acts, Noise pollution Acts are to be included in open elective course Environmental policies and legislation.
